PREFACE

The Andhra Pradesh State Council of Higher Education, bracing itself for e-governance as the final end product, thought it appropriate that Common Finance and Accounting Rules for Universities in the State of Andhra Pradesh should be formulated. It may be appropriate to mention here that the financial provisions in vogue in the university system in general are derived from the Andhra Pradesh State Financial and other Codes. It is also the overall responsibility of the system to ensure that there is a uniformity and consonance between provisions and practices, especially in the context of greater transparency of functioning and accountability, the A.P. State Council of Higher Education is attempting to introduce in the university system and the ideal of e-governance we are envisioning.

Dr. B.R. Ambedkar Open University, Hyderabad, brought out the Administration and Accounts Manual in 1992. It was the first attempt at the level of the University to formulate a Financial Management System to meet the needs of the University. This formed the basis for the AP State Council of Higher Education to appoint a Committee in 2007 with a view to introducing a uniform Financial Code in the Universities of the State. The Report of this Committee is entitled Andhra Pradesh Universities Financial Management: Common Guidelines and Formats. Along with these, The Common Finance and Accounting Rules for Universities (Covered under the Karnataka Universities Act 2000), compiled by NCR Consultants Ltd., which was brought out in 2004 provided the stimulus for the A.P. State Council of Higher Education to review the financial management patterns as they obtain in the University system and get a comprehensive manual prepared for applicability to all Universities in the State, by bringing out where necessary, suitable amendments to the respective Acts governing the State Universities.
The Public Accounts Committee of the AP State Legislature observed, in the meeting held on 22.08.2012, while reviewing the audit paras on the financial functioning of some of the Universities in the State of Andhra Pradesh, that a more transparent, comprehensive accounting system needed to be implemented in the Universities uniformly. It was further decided at a meeting convened in the presence of the Hon’ble Deputy Chief Minister of Andhra Pradesh that a comprehensive set of Financing and Accounting Rules applicable to all Universities needed to be formulated so that procedures for realization of income and for payments and guidelines for the proper maintenance of registers could be clearly laid down for ensuring transparency in the system.

In the light of these developments, it was resolved by the AP State Council at its 92nd Meeting held on 28.09.2012 as follows:

“Considered and resolved to constitute an expert Committee to examine the Common Finance and Accounting Rules of Karnataka State and make recommendations to apply such rules to the Universities of Andhra Pradesh so as to bring uniformity in accounting matters and also transparency in the system and if necessary, by bringing an amendment to the relevant section in the A.P. Universities Act and also other specialized Universities Act under the jurisdiction of Higher Education Department.”

Accordingly, the AP State Council of Higher Education decided to constitute an Expert Committee to examine the available sets of Financial Rules and Regulations and prepare a manual incorporating the latest provisions as have been made by the Government of Andhra Pradesh. An Expert Committee was constituted with terms of reference as detailed below:

**Members of the Committee:**

1. Prof. C.R. Visweswara Rao, Former Vice-Chancellor, Vikrama Simhapuri University, Nellore
2. Prof. G.V. Bhavani Prasad, Professor of Business Management, Kakatiya University, Warangal.
3. Sri P. Subrahmanyam, Sr. Audit Officer (Retd.), A.G. Office, Hyderabad
4. Sri S. Lakshminarayana, Joint Registrar & Finance Officer (Retd.), Osmania University, Hyderabad

**Terms of Reference:**

To examine the

(i) Finance & Accounting Rules of Bangalore University
(ii) UGC documents on such Rules to Central Universities, and
(iii) Earlier Report of the Council on Financial Management of the Universities, and

prepare Common Finance and Accounting Rules to the Universities in the State and also suggest suitable amendments to relevant Sections of the respective University Acts so as to make them mandatory to all the Universities.

Efforts have been made to study the Codes of Andhra Pradesh Government in detail and hold discussions with the officials concerned of the AP Government and to incorporate the latest provisions in this manual.

The latest procedure of remittance of fees through online transfers and e-tendering process for execution of works and purchases is also brought out in detail in the relevant chapters.

The Committee hopes that this manual will serve as a useful guide in ensuring uniformity in the accounting system and financial discipline in the Universities.

The Committee recommends that:

- the Government of Andhra Pradesh may incorporate suitable provisions in the respective University Acts to give effect to these Common Financial and Accounting Rules.

- Computerization of Finance and Accounting System may be taken up as a logical step in the direction of implementation of the provisions of this manual. This would ensure that the Universities will have sound financial information system and e-governance.
For the proper understanding and implementation of the provisions of this manual entitled *Common Finance and Accounting Rules for Universities in the State of Andhra Pradesh*, training programmes/workshops may be organized for the non-teaching staff of the Universities and the teaching staff associated with administrative responsibilities.

The Committee places on record its deep appreciation of effort of the AP State Council of Higher Education to introduce a Financial Management System strengthen the management and accounting procedures of the University. In this connection, the Committee expresses its thankfulness to Sri T.V.Sri Krishna Murthy, Dy. Director, APSCHE, for his valuable contribution, and Sri N.Vikram Kumar, Data Entry Operator, Smt. R.B. Manjula, Data Entry Operator, and the other staff for their assistance in preparation of this Report.

CHAPTER - IV

4. General Principles

4.1 Operation of University Funds in Banks / Treasury

(1) The funds of the University shall be kept in a Bank / Banks as stipulated by the Executive Council.

(2) All collection of Fees and Other receipts of the University collected by the designated Heads of the Departments / Heads of Units shall be credited to University fund. No Head of the Department / Officer of the University shall open a bank account in his official designation unless authorized to do so by the Vice-Chancellor on the recommendation of the Finance Officer.

(3) An account may be kept in the Local Government Treasury to facilitate transaction with Government.

(4) The Funds of the University shall be operated by the Finance Officer.

(5) The Endowment Fund, Pension Fund, Provident Fund and such other employees benefit related Funds shall be invested as stipulated in the relevant statutes or as per the decision of the Executive Council or as approved by Vice-Chancellor.

(6) Generally, there are two types of investments made in a University. They are:

a) investments relating to various funds and finances of the University, and

b) investments forming original part of endowments instituted by individuals and Trusts with the University. Investments relating to Endowments are dealt in Chapter XI of these rules.

(7) All surplus funds shall be invested in short term deposit or long term deposits keeping in view the requirement of the funds over a period of time, by the Finance Officer as per delegations if any, or with the approval of the Vice-Chancellor.

(8) Entries relating to interest on investments shall be passed in the accounts based on the dates on which interest accrues.
4.2 **General responsibilities of Heads of Departments / Units with regard to accounting and matters relating to finances of the University.**

**Accounting:**

1. Every University employee who is designated as Head of the Department / Head of the Unit / Officer performing financial transactions should see that proper accounts are maintained for all University financial transactions with which he is concerned as prescribed by these Rules & Accounting Manual. He shall have the knowledge of accounts and financial rules relevant to his duties and shall keep an adequate check over the staff under his control. He should check the account as frequently as possible in order to see that his subordinates do not commit fraud, misappropriation or any other irregularities. He cannot plead ignorance of financial rules for lapses noticed by the administration or audit.

2. The University shall hold him personally responsible for any loss that may be found to be on account of dereliction of duties or negligence or misconduct.

3. He shall be responsible for accounting of all transactions involving taking and giving of cash, stores, other properties, rights, privileges and concessions having monetary value received by him on behalf of the University, as authorized by the University, besides the correctness of the accounting in all respects. The accounts and financial records of the University shall be maintained in the forms prescribed in these rules as well as those that may be prescribed by the Finance Officer from time to time.

4. He shall furnish such statements, reports, returns and information relating to accounts and finance to the Finance Officer as may be prescribed in these rules or as may be required by the Finance Officer.

4.3 **General principles relating to Receipts:**

1. The Head of Department / Head of the Unit of the University shall be responsible to ensure that all University receipts authorized to be collected by his office in cash or in the form of demand drafts, are correctly assessed, collected promptly and official receipts issued in the prescribed form and also that all such collections are brought into account as soon as they are received, without delay and deposited forthwith into the designated bank, under proper head of account.

2. The receipts shall not be appropriated towards expenditure.

3. Amount due to the University shall not be left uncollected without valid reasons. Where such amount appear to be irrecoverable, orders of the competent authority shall be obtained to waive it, and properly reflected in the accounts.
(4) The Head of Department and Head of the Unit responsible for the collection of University revenues shall furnish periodical reports of demand, collection and balances, as may be prescribed by the Finance Officer.

(5) No duplicate copy of a receipt shall be granted for money received on the ground that the original has been lost.

(6) If a person applies for a duplicate copy of the receipt stating the purpose for which it is required, a certificate may be given that on a specified day a certain sum on a certain account was received from a certain person. The Officer issuing the certificate shall take precaution as to the purpose for which the certificate is liable to be used and invariably mention in the certificate the purpose for which it is issued, to ensure proper usage.

4.4 General Principles relating to incurring of Expenditure out of University Fund

No University employee shall incur any expenditure from University Fund unless the following conditions are satisfied:

(1) The expenditure must have been sanctioned by a general or special order of the authority competent to sanction such expenditure as per delegation of powers made by the Executive Council or as per the Statutes framed under the Act.

(2) Sufficient funds must have been provided for the expenditure in the budget estimates for the current financial year or by re-appropriation of funds sanctioned by the authority competent to sanction such re-appropriation.

(3) No money shall be drawn from the University Fund unless it is required for immediate disbursement.

4.5 Standards of Financial Propriety

Every University employee who incurs or authorizes the incurring of any expenditure from University funds should see that it does not contravene the following principles:

(1) The expenditure should not be prima facie more than the occasion demands. Every university employee is expected to exercise the same diligence and care in respect of expenditure from University funds under his control as a person of ordinary prudence would exercise in respect of the expenditure of his own money.
(2) No University employee should exercise his powers of sanctioning expenditure so as to pass an order directly or indirectly to his own advantage.

(3) University funds should not be utilized for the benefit of a particular person or section of the community unless-

   (a) the amount of the expenditure involved is insignificant, or
   (b) a claim for the amount could be enforced in a court of law, or
   (c) the expenditure is in pursuance of a recognized policy or custom.

(4) The amount of allowances, granted to meet expenditure of a particular type, such as traveling allowance etc., should be so regulated that it is not, on the whole, a source of profit to the recipient.

(5) It is the duty of every University employee to observe complete integrity in financial matters.

4.6 Sanctions

(1) The Executive Council, in consultation with the Finance Committee shall delegate powers to the various level of officers of the University for according sanction for incurring expenditure in connection with the affairs of the University. The powers not delegated to a subordinate authority or officer shall vest with the Executive Council.

(2) When any authority accords sanction for expenditure, the amount shall always be expressed in words and figures.

(3) Date of effect of sanction: Sanction of the University takes effect from the date of the order conveying the sanction or any other date mentioned in the order.

(4) Lapse of Sanction: A sanction for any fresh charge lapses if it has not been acted on for a year unless it is specifically renewed. This rule does not apply to:

   a) The sanction for an allowance granted to the holders of a post or class of posts, subject to certain conditions;
   b) the sanction for addition to be made to a permanent establishment progressively from year to year;
   c) a sanction conveyed in an order passed by a Court in its judicial capacity.

   Note: One year period shall be reckoned from date of issue of sanction and it should be considered to have been acted upon if payment in whole or in part is made within twelve months from
date of issue. Where specific provision is made that expenditure will be met from provisions of a specific financial year then the sanction will lapse on expiry of such financial year. Unless specifically renewed, sanction of provident fund advance remains operative for three months.

Sanction to an estimate for a work other than ordinary annual repairs will unless the work is started, cease to be in force five years after the date when it was accorded. Sanction to an estimate for annual repairs lapse on the last day of the financial year or on the concerned specified working year.

(5) Communication of sanction: A copy of every order sanctioning expenditure shall be communicated to the Finance Officer by the authority which accords sanction.

4.7 Loss of Stores / Property

(1) All losses in respect of stores / property should be duly recorded in the stock accounts and formal sanction of the competent authority obtained for write off or dealing with them otherwise, even when no formal correction or adjustment in the account is necessary.

(2) When a loss occurs on account of damage to any University property due to any calamity like fire or flood or any other causes other than fair wear and tear, the officer-in-charge shall send a preliminary report to the Registrar with a copy to the Finance Officer at once. The Registrar shall get the matter fully investigated and submit a detailed report to the Vice-Chancellor explaining the circumstances besides indicating whether value of the loss has to be written off or action to be taken against the person responsible, including for the recovery of the loss.

(3) Where action is proposed for write off of the loss, the competent authority shall issue sanction up to the powers vested in it and initiate steps for obtaining sanction of the Executive Council in cases where it exceeds his powers and communicate the orders to the Finance Officer for accounting the amount written off in the accounts, besides marking a copy to the concerned Head of the Department / Head of the Unit for information.

(4) Where disciplinary action against any employee is recommended, the competent authority shall take action as per the university rules.

4.8 Defalcation and Losses

(1) Whenever any University employee notices that a defalcation or loss or shortage of University money, revenue, stamps, stores or other property by embezzlement, fraud, theft, Computer fraud, etc., has occurred or a serious accounting irregularity has been committed, he shall inform the Head of the Office forthwith. If it appears to the Head
of the office prima facie that there has been any such occurrence concerning his office or in which a subordinate employee is involved, he shall immediately send a report to the Registrar with copy to the Finance Officer. This preliminary report shall be sent even if the person responsible for a loss has made it good.

(2) The Registrar shall cause investigation into the matter fully and take all further necessary action to complete the investigation at the earliest. As soon as the investigation is completed, based on the report of the Investigating Officer, the Registrar shall submit a detailed report to the Vice-chancellor. The report should fully describe the nature and extent of loss or account irregularity and the circumstances which made it possible, including any breach or neglect of an existing rule, besides stating whether any amount of loss has been recovered and if not, whether it is possible to recover it in any way. The report shall also state what disciplinary action is recommended against any employee responsible and what steps have been taken or recommended with a view to prevent recurrence of such loss or account irregularity.

(3) Wherever the report recommends disciplinary action against any employee found responsible for the loss or accounting irregularity, the Registrar, with the approval of the Vice-Chancellor, shall initiate disciplinary action against such person or persons, within one month from the date of receipt of the report.

(4) If the report of the Investigating Officer indicates that the circumstances leading to loss or account irregularity demand a detailed audit, the Vice-Chancellor may direct to conduct a special audit of the accounts of that office or the particular transaction for the suspected period during which loss or account irregularity was noticed or for the period of incumbency of the official alleged to be responsible for the loss or account irregularity.

(5) Where the Investigating Officer’s report or the special audit report indicates the name of the person or persons responsible for the loss or the accounting irregularity, the Registrar shall initiate Departmental proceedings or criminal proceedings or both depending on the gravity of the offence, amount involved and the circumstances. The Registrar shall take immediate action as per relevant rules and shall see that the result of the Departmental proceedings or the criminal proceedings or both placed before the Vice-Chancellor / Executive Council as the case may be at the earliest.

(6) Wherever it appears likely that recourse to judicial proceeding may have to be taken by the University in connection with the loss sustained, the Registrar should take legal advice at once.

(7) In all cases of negligence and lack of devotion in the discharge of duty; for e.g. costly buildings, equipments, machinery etc., remaining unutilized or substantially unutilized for lack of planning or
infructuous, unnecessary and injudicious expenditure or delay in taking action / decisions in placing orders or making payments due, execution of sanctioned schemes or projects, which result in increase of cost, the responsibility for the loss suffered by the University shall be fixed on the person held responsible for in a Departmental inquiry.

(8) In cases where the loss is due to the delinquency of subordinate officials and where it appears that this has been facilitated by laxity of supervision on the part of superior officer, the latter shall also be called strictly to account and his personal liability carefully assessed. Such officer should also suitably be penalized in proportion to the degree of laxity contributing to the loss.

(9) Whenever an employee is held responsible for the loss sustained by the University, competent authority of the University should always consider both whether the whole or any part of the loss should be recovered from him and also whether disciplinary action should be taken. While determining the amount to be recovered, it should consider the circumstances of the loss and also the financial position of the employee since the penalty should not be such as to impair his future efficiency.

(10) The fact that some of the delinquent University employees who were found guilty of fraud or irregularities have died or retired from service before awarding punishment, should not be made as an excuse for absolving other delinquent employees who are still in service and also responsible for the loss.

4.9 Recovery of losses from Pension

(1) A retiring employee of the University involved in any loss or irregularity and against whom a departmental or judicial proceeding is instituted shall be sanctioned provisional pension under Rule 52 (1)(a) of the Revised AP Pension Rules, 1980 which shall not be less than 75% of the normal pension entitlement.

(2) An authority investigating any case of loss or accounting irregularity should take special care to ascertain immediately as to whether the investigation is likely to affect any University employee who is going to retire within the next two years or has retired and has not been granted pension. If so, it should immediately report the fact to the Registrar and the Finance Officer and they should see that such an employee is granted only provisional pension until his responsibility in the matter is finally determined.

(3) Whenever a competent authority orders for the recovery of amount of loss sustained by the University on account of fraud or negligence on his part, other than by forfeiture of his security deposit if any, and he is about to retire from service, the amount shall be recovered as far as possible from his last pay / encashment of earned leave / Gratuity. If
any amount still remains to be recovered, the same may be recovered by invoking Rule 9 of AP Revised Pension Rules 1980 / Pension Rules for University Teachers 1992 under which the University reserves to themselves the right of withholding or withdrawing a pension or part thereof, whether permanently or for a specified period and of ordering recovery from a pension of the whole or part of any pecuniary loss caused to the University / College.

(4) After conclusion of the Departmental / Judicial proceedings, depending on the orders passed by the competent authority, the provisional pension sanctioned to the pensioner under sub-rule (1) above shall be adjusted against the pension, if sanctioned. However, no recovery shall be made where the pension sanctioned is less than the provisional pension or the pension is reduced or withheld either permanently or for a specified period.

4.10 Reflection of losses in the accounts of the University

(1) If money due to the University has been actually collected by an employee authorized to receive money on behalf of the University and is embezzled, stolen or lost before its remittance to the bank, it should be brought as a receipt under relevant head of account of revenue and then shown on the expenditure side by recording it under a separate head as loss.

(2) Any recovery made in the course of the year in which losses are brought to account should be shown by deduction from the head under which the loss is recorded. Any recovery made after the accounts are closed, should be shown as an item of receipt.

4.11 Audit and Disallowances

(1) The accounts of the University shall be submitted to such audit as the Government may direct.

(2) Every Head of the Department / Head of the Unit shall attend to the observations communicated to him by the Statutory Auditor.

(3) When compliance to Statutory audit note, audit memorandum, etc., are furnished to the Statutory auditor, a copy of the same shall be sent to the Finance Officer.

(4) The Registrar shall send an extract of the Annual Audit Report to the Officers concerned.

(5) In respect of compliance to the annual audit paras, a report to the Finance Officer shall be furnished by the officer concerned, who in turn shall submit consolidated replies to audit.

(6) In the case of audit objections leading to a departmental enquiry and the disciplinary authority ordering recovery of the loss, the Registrar shall intimate the Drawing and Disbursing Officer to recover the same
from the claims due to the employee concerned, marking a copy of the communication to the Finance Officer.

(7) When the Finance Officer disallows a payment as unauthorized, the concerned Drawing Officer is bound to recover the amount disallowed.

(8) The Finance Officer shall arrange for the internal audit of Accounts records maintained by the Colleges / Departments of the University, periodically, issue inspection reports and watch compliance of the observations made in the reports.

5.5 Procedure for payment of fees to the University

5.5.1 Different modes of payment of fees:

(1) The Notifications of the University issued by the concerned authorities shall invariably indicate the manner in which the fees shall be paid by the students seeking admission to the courses conducted by the University through its University Colleges, Constituent colleges, P.G. Centres and Affiliated colleges, students appearing for various examinations conducted by the University, the students registering for courses conducted by the Directorate of Correspondence Courses and Distance Education. Similarly, the procedure to be followed for payment of fees by the colleges seeking fresh affiliation and renewal / continuance / permanent affiliation / sanction of courses shall also be notified by the University.

(2) Considering the complexities involved in payment of several types of fees by the students, the Affiliated Colleges, the following procedures for payment of fees may be followed by the students and the colleges.

A. Payment of fees through Bank drafts
B. Payment of fees through authorized Banks to the designated account of the university / college concerned

A. Payment of fees through Bank drafts

(i) Wherever fees are required to be paid by Demand Draft, the following procedure shall be followed:

a) The Demand Drafts shall be obtained from nationalized banks payable at a Bank branch specified in the concerned University notification and they should be dated on or after the date of the said notification.

b) The Demand Drafts shall be drawn in favour of the University Officer mentioned in the University notification.

c) The Affiliated colleges shall collect fees payable to the University on account of admission fees, examination fees, etc., from students by issuing official receipts of the college. They shall prepare a statement of fee collection indicating the name of the student, the course of study / examination appeared for, amount of fees collected from him and the college’s official receipt.
numbers under which collected. They shall obtain a Demand Draft for the total amount of fees payable to the University as per the statement prepared. They shall send the Demand Draft along with a copy of the statement to the concerned officer of the University using forwarding letter in Form 14 in respect of Admission fees and in Form 15 for examination fees.

d) In the case of affiliation fees payable by the Affiliated colleges to the University towards renewal of affiliation or continuance or permanent affiliation, etc., they shall obtain Demand Draft for the amount of affiliation fees payable and submit it to the Registrar using the forwarding letter in Form 16.

e) In the case of fees payable to the Director, Correspondence Course / Distance Education, in respect of courses of study / examination to be taken by external students, the student shall obtain Demand Draft for the amount prescribed favouring the Director of Correspondence Courses / Distance Education and send it to him directly.

(ii) Responsibility of the designated officer receiving Demand Drafts from students and affiliated colleges.

a) The concerned Designated Officers to whom the Demand Drafts are sent by the students and the affiliated colleges shall maintain a Register of Instruments Received in Form 4 and see that the Demand Drafts received are entered in this register and promptly deposited into the designated Bank account.

b) They shall issue an acknowledgement for the receipt of the fees to the students / Affiliated colleges in Form 17.

c) They shall then cause verification of the applications accompanying the Demand Drafts from students in the case of direct payment by students and the statement of fees collections and the forwarding letters of Affiliated colleges, to ensure that prescribed fees have been correctly remitted through the Demand Drafts received.

d) After ensuring correctness of the fees paid, they shall take action to provide required services like approving admissions or issue of examination hall tickets, etc.

e) In the case of affiliation fees received through Demand Drafts from the Affiliated colleges, the Designated Officer shall cause verification of the details furnished
in the forwarding letter and ensure that the amounts of fees paid by Demand Drafts are as per the prescribed rate for different courses and combinations.

f) In case any short payment of any type of fees is noticed by the Designated Officers, they shall forthwith address the concerned who has remitted less and follow it up till it is recovered. Penal fees may also be collected at the rate prescribed by the University.

g) In case any fees payable to the Affiliated Colleges are collected by the University directly or wrongly remitted to the University account by the Affiliated Colleges, or refunds arising due to a student assigned to the University college by the CET and fees received by the CET is already paid to the University, getting transfer to a college coming under some other University, the concerned Department shall arrange to remit it to the colleges concerned by preparing Refund Voucher in Form 18 duly indicating the details of Demand Draft no. or receipt no. or challan number and date of receipt on which it was received or remitted, and forwarding the voucher to the Finance Officer for payment. All such refund of fees shall be accounted in the accounts of the University as “Deduct Refunds” under the relevant receipt head pertaining to the fees refunded. That is, if fees refunded relates to the admission or other fees connected with admission fees, under the budget head relating to admission fees, this refund shall be shown as “Deduct Refunds” as reversal of receipt to that extent in the revenue account.

(iii) The Finance branch shall make necessary arrangements to ensure that:

a) the instruments received from the other branches are accounted for recording only the total number of instruments received from other Departments, the date on which they are received and the total value.

b) Sort out the instruments bank-wise and deposit them to the appropriate Bank account of the University within the next working day of the receipt of the instruments from the other Departments.

c) Account the value of the instruments deposited into Bank, in the General Cashbook of the Finance Department maintained in Form 19.
The Finance branch shall also account the Cheques / Demand Drafts received from State Government, Central Government, University Grant Commission and other agencies towards grants, contributions and for Research or Development projects, in the same way as other instruments received from other Departments of the University.

The Finance Officer shall obtain the daily bank scrolls in respect of accounts operated.

B. Payment of fees through authorised banks

(i) Wherever the University notifications stipulate payment of specified fees directly to banks or branches of an authorized bank under a particular bank account for credit to University funds, and affix the challan or receipt issued by the bank to the applications, the following procedure shall be followed by the students:

a) The student / remitter shall obtain pay-in challan meant for students in Form 20 from the concerned bank and fill-in the details specified therein.

b) This challan, printed with the relevant Account Codes, shall be in duplicate containing space for furnishing personal information of the student and the nature of fees payable by the student. The challans shall be printed in different colours to easily identify the departments to which they relate.

c) The student / remitter shall present the filled-in challan and the requisite fees payable to the bank.

6.1 General procedure

(1) All claims against the University Funds shall originate from the Department/Office which obtained the services or supplies and sent to the Finance Officer for arranging payment.

(2) All claims shall be preferred in the prescribed form duly supported by sub-vouchers stamped with dated signature of the payee, wherever required. Only one copy of the bill shall be prepared.

(3) The Finance Officer shall keep a record of the Drawing/Drawing and Disbursing Officers of the University together with their specimen signatures.

(4) All bills preferred shall be signed by the Head of Department/Heads of the Unit designated as Drawing Officers or Drawing and Disbursing Officers (DDOs) by the Vice-Chancellor.

(5) The Drawing Officers/Drawing and Disbursing Officers shall ensure that the correct budget head of account is noted on all bills.

(6) The bills sent to the Finance Officer shall specifically indicate the nature of the claim, amount claimed, period to which the claim relates, the orders sanctioning the charges (if the claim is in pursuance of an order of the competent authority), authority for any deduction made in the bill if it is other than normal Statutory deductions.

(7) If the claims relate to utility charges like water charges, electricity charges, telephone charges, municipal taxes, etc., the bills received from the concerned authorities shall be enclosed to the claims.

(8) The bills prepared on computers duly signed by the concerned Drawing and Disbursing Officers may be accepted by the Finance Officer.

(9) Corrections and over-writings in the bills shall be strictly avoided. If any correction is found necessary, the original entries shall be cancelled neatly in red ink and correct entry recorded under dated full signature of the Drawing Officer.

(10) The amount of the bills shall be written in figures and in words allowing no scope for interpolation.

(11) The total amount of the bills shall be rounded off to the nearest rupee.
(12) Every Drawing and Disbursing Officer shall maintain a Bill Register in Form 28 and record therein the bills submitted to the Finance Department for payment.

(13) Every Drawing and Disbursing Officer shall record the required certificates on the bills only after ensuring compliance of the purpose for which the claim is preferred.

(14) Duplicates and copies of the Bills

a) No University Officer may issue duplicates or copies of the bills or other documents for the payment of money, which had already been paid, on the ground that the original has been lost. If any necessity arises for such a document, a certificate may be given to the effect that on a specified day, a particular sum was paid to a certain person towards certain account.

b) In the case of a bill signed by a Drawing Officer of the University, but alleged to have been lost before payment or presentation of the bill to the Finance Officer, the Drawing Officer shall request the Finance Officer to verify and confirm that payment has not been made on it, before submitting a fresh claim in lieu of the lost bill.

c) The Finance Officer on receipt of request from University Officer shall after due verification from his records furnish a certificate in the following form:

"Certified that the Bill Number__________ Dated ___________
For Rs_____ Rupees (in Words) ______________ reported by ____________ (Name of Drawing Officer) to have been
Drawn by him in favor of ____________ has not been paid and

(e) When one cheque is drawn for a number of bills, a summary of all such bills shall be noted on the first bill or attached to it and the cheque number noted on all the other bills.

(12) The employee writing the cheque shall enter the amount of the bills for which cheques are written in a Register of Cheques Drawn in Form 31 and place the cheques and bills together before the cheque signing officer through the Superintendent / designated person. Separate registers shall be used for different Bank accounts.

(13) The Superintendent / designated person shall check in all respects the correctness of the cheques drawn and put his initials on the relevant counterfoils. He shall ensure that all the counterfoils together with the cheques signed or unsigned are returned to him, before the close of the
day. He shall be personally responsible for the safe custody of all cheques including unused ones.

(14) Accounting of expenditure

a) All cheques drawn and duly signed by the cheque-signing Officer shall be recorded in the Cash Book of the relevant fund on the day it is drawn, in the order of their drawal, irrespective of the date of its dispatch or delivery to party concerned, thus accounting the expenditure. The details of cashbook voucher number and cheque number and date shall be recorded on the voucher by the employee responsible for maintenance of Cashbook.

b) All paid vouchers shall be stamped “PAID” and all sub-vouchers shall be stamped “Paid & Cancelled” so that they cannot be used again.

c) All paid vouchers shall be sent to the section responsible for compilation of accounts.

d) Based on the entries in the cashbooks and the related paid vouchers, the expenditure shall be accounted and booked under the relevant budget heads of accounts, by the compilation section.

e) All vouchers and other accounting records shall be arranged to be kept under the custody of some responsible employee by the Finance Officer, till they are audited.

(15) Revalidation or issue of fresh cheque in respect of Time barred cheques

a) The Finance Officer may revalidate time barred cheques received from the parties for revalidation. In such cases, a note to the effect that the cheques have been revalidated shall be made against the original entry in the cashbook.

b) When a fresh cheque need to be issued in respect of time barred cheque, the Finance Officer shall cancel the time barred cheque under his signature. The cancelled cheque shall be treated as a voucher for issuing fresh cheque and the fact of issuing fresh cheque shall be noted against original entry in the cashbook and also against the un-cashed cheque.

c) In the cashbook, the issue of fresh cheque should be noted in red ink in the particulars column only and the money should not be written in the money column, so that the money is not taken again as payment in the cash book total.
(16) Cancellation of a cheque.

a) Whenever a cheque is wrongly written, it shall be cancelled forthwith under the attestation of the Finance Officer / Cheque Drawing Officer.

b) A cheque remaining unpaid for any cause, for a period exceeding three months after its issue shall be cancelled. The fact of cancellation shall be entered in the Register of cheques Issued against the original entry and also in counterfoil of the cheque issued. The entry of cancellation shall be made on the receipt side of the cashbook and treated as reduction of expenditure, if the Cheque pertains to the same financial year and as miscellaneous receipt if it pertains to the previous financial year.

(17) Lost cheques

a) A request for the issue of a cheque in lieu of a cheque alleged to have been lost may be entertained, if the request is received by the Finance Officer within the period of its validity.

b) When such a request is received, the Finance Officer shall send intimation to the Bank regarding the alleged loss of the cheque and advise it to stop payment if the alleged lost cheque is presented for payment thereafter. If the currency of such cheque has not expired at the time of receipt of such intimation, the bank shall acknowledge in writing in the following form, that it has kept a note of the Stop Payment Order:

```
"We Acknowledge receipt of your Letter number ____________ dated _________ and advise having noted to stop payment of Cheque number ____________ dated ________ for Rs._________/-
favouring ______________________. In this connection it is certified that the said cheque has not been paid so far and will not be paid if presented hereafter"
```

c) The Finance Officer shall satisfy himself with reference to cashbook, Bank pass sheet / scroll of the concerned Bank account received from the bank that the payment of the cheque in question has not been made. He shall also make a suitable note in the counter foil of the lost cheque and against the relevant entries in the cashbook and paid voucher regarding the issue of a fresh cheque in lieu of the lost one.

d) The party requesting for the issue of a fresh cheque in lieu of the lost one shall be required to execute an indemnity bond in Form 32 on stamp paper (value as applicable).
e) On completion of the requirements in clauses (b) to (d), the Finance Officer shall issue a fresh cheque in lieu of the lost one. Procedure laid in Rule 6.2 (10) is also required to be followed in such case.

(18) The Finance Officer, who is authorised to sign the cheques for payment of claims against the University, shall send specimen of his signature to the Banks in which University funds are operated by him. When such an Officer makes over charge of his office to another he shall likewise send the specimen signature of the relieving Officer to the banks concerned.

(19) Scrutiny of claims presented to the Finance Officer

a) The Finance Branch is responsible to scrutinize all the claims chargeable to the University. Therefore, it shall ensure that the subordinate staff working under it exercise the following basic checks with regard to claims received by the University, before admitting them.

i. that the claim is a proper charge against the grant or Budget Provision approved by the Executive Council / Academic Senate.

ii. that the expenditure has been incurred by an authority competent to incur it as per delegation of Powers,

iii. that the expenditure has received necessary sanction from the competent authority,

iv. that the claim is preferred in the prescribed form and in accordance with the rules,

v. that the prescribed purchase procedure applicable to the type of transaction, like inviting tenders / quotation etc., is complied with,

(11) **Settlement of claims of a deceased University employee**

a) If, the Gross amount of pay and allowances and all kinds of other claims preferred on behalf of the deceased employee does not exceed Rs.5000/-, the same may be paid under the order of the head of the office in which the employee served at the time of his death, provided that the Head of the Office is otherwise satisfied about the right of the claimant.

b) In the cases where the gross amount of the claim exceeds Rs.5000/- (Rupees five thousand only), payment shall be made by the Head of the office on the execution of an indemnity bond in **Form 35**, duly stamped for the gross amount payable
to the deceased employee with sureties as may be deemed necessary.

c) In the case of any doubt, payment shall be made only to the person(s) producing the legal authority.

d) On receipt of the claim for the payment of pay and allowances, traveling allowances etc., on behalf of a deceased employee from his heir(s), the Head of the Office in which the deceased employee was last employed shall prefer the bill for the amount payable in the appropriate Bill Form. The claim should be supported by all the relevant certificates which the Head of the Office is required to furnish in the normal circumstances and the indemnity bond and sureties, wherever prescribed. The Finance Officer shall issue a Cheque for the amount payable, if the bill fulfills all the requirement and shall send the Cheque to the Drawing and Disbursing Officer who has preferred the bill, for handing over the cheque to the claimant. The Drawing and Disbursing Officer shall obtain a formal receipt, stamped wherever necessary, from the claimant.

(12) Payment of dues of a University employee whose whereabouts are not known:

Dues in respect of a University employee whose whereabouts are not known shall not be paid till a presumption of death of the said employee is shown to be justified. When the presumption of death is shown to be justified and if any one prefers claims in the capacity of legal heirs, action may be taken to pay the dues if any after following the procedure laid down in Rule 6.3 (11) above.

(13) Attachment of pay of a University employee towards debt.

a) When the pay of the University employee is attached by an order of a Court of Law, it is the duty of the Officer receiving the attachment order to see that proper deduction is made in satisfaction of such order from the pay of the University employee concerned and to keep a record of such deduction.

b) On receipt of Court Orders, the Finance Branch shall take action for deduction from the salary of Gazetted Officers, Self Drawing Officers. In the case of other Non-Gazetted staff, the Court order shall be referred to concerned Drawing and Disbursing Officer, depending on the system of payment of salary followed in the University.

c) In all the cases of attachment of pay ordered by the Courts, the Finance Officer shall determine the quantum of the attachable portion of the pay before giving effect to the Court orders and shall ensure that attachment is effected only within the amount
available for attachment keeping in view the following conditions:

i. The salary* of the University employee is not liable to attachment to the extent of first four hundred rupees and two thirds of the remainder in the execution of a decree other than a decree for maintenance. Provided, if a portion of the salary liable to attachment has been under attachment, either continuously or intermittently, for a total period of twenty four months, such portion shall be exempt from attachment until the expiry of further twelve months. Where such attachment has been made in execution of one and the same decree, it shall be finally exempt from attachment in the execution of that decree, after the attachment has continued for a total period of twenty-four months.

* Explanation: Salary means the total monthly emoluments derived by a person from his employment, whether on duty or on leave, excluding any allowance declared to be exempt.

ii. One third of the salary is not liable to attachment in execution of decree for maintenance.

iii. All compulsory deposits and other sums received from the fund for which Provident Fund Act, 1925 applies are not liable for attachment.

iv. Any allowance forming a part of salary, specifically exempted from attachment by a notification of Government of Andhra Pradesh, and any subsistence grant or allowance payable to an employee under suspension, shall be exempted from attachment.

v. All kinds of allowances payable to an employee towards traveling, conveyance, meeting cost of uniforms and rations, compensation for higher cost of living in places considered to expensive by Government, house rent, relief against increase in cost of living, Childrens’ Educational Allowance and re-imbursement of medical expenses are exempted from attachment.

vi. Having regard to the provisions relating to various exemptions mentioned above, the attachable portion of the salary shall be calculated using the following formula;

\[ A\ S = (X-Y-400*) / 3 \]

AS represents attachable salary
X represents gross salary
Y represents exempted allowances

* or at the rate revised from time to time.
vii. If an order of attachment against an employee is received while a previous order of attachment against him is being complied with, the disbursing authority shall ensure that the salary under attachment inclusive of second order is within the attachable portion of salary calculated under clause (vi) above.

d) If a new attachment order has the result of exceeding beyond the maximum limits prescribed, the Disbursing Officer shall return the attachment order to the Court concerned explaining the circumstances along with a statement showing particulars of the existing attachments, the maximum limit up to which salary could be attached in terms of clause (vi) above, particulars of amount presently being attached and remitted to the court concerned up-to-date, and the amount remaining uncovered.

e) Any deductions which may have to be made on account of rent, subscription to provident funds, taxes on income payable by the University employee, dues of co-operative society and debts due to the University should be made from non attachable portions of the University employee salary.

f) Procedure for recovery based on attachment orders and remittance to the Court, without prejudice to appropriate provision of the Code of Civil Procedure 1908, to be followed by the Drawing and Disbursing Officer in making recoveries from salaries of the University employee of amounts in compliance with attachment order issued by the Courts shall be as follows:

i. The gross amount of pay and allowance of the employee shall be worked out on the Pay bill as usual. The attachable portion of salary shall be worked out and if that portion is sufficient to comply with the Court order, that amount shall be deducted from the salary. Net entitlement arrived at after making deductions towards other salary recoveries shall be split into the amount payable to the Court and balance payable to the employee. A separate cheque for the amount payable to Court shall be prepared and remitted to the Court concerned and the balance amount arranged to be paid to the employee in the usual manner i.e. arranging credit to his bank account as in the case of other employees.

ii. All cases of attachment of salary in pursuance to the Court orders and its compliance shall be noted in the Salary Deduction Register maintained by allotting separate folios for this type of recovery.
iii. In cases where a Self-drawing Officer is required to prefer his salary bills to the Finance Officer for payment and if he does not prefer the salary bill intentionally to avoid attachment of salary on account of Court orders, the Finance Officer may draw the pay of the Officer concerned in satisfaction of the attachment order, subject to the prescribed limit, and remit the amount to the Court concerned.

iv. The amount drawn under clause (iii) shall be treated for all purposes as payment of dues of the employee to that extent and particulars of the attachment order will be cited in the pay bill as an authority for the charge and the Court receipts for the amount shall be filed with the attachment register in the Finance Branch.

7. **Preparation of Annual Financial Estimates of the Universities (Budget)**

The Budget is a planning exercise relating to the financial administration of a University. It is a tool that documents and communicates the quantitative aspects of the financial functioning of a University in a specified period of time, usually a given financial year. In other words, it is a Statement of the Estimated Receipts and Expenditure prepared in advance of the ensuing Financial Year. It provides an approach to the expenditure and the various financial operations of the University in such a way that it not only gives a glimpse into the financial operations of a University, but would also lead to effecting economy in the utilization of available resources. A well prepared and envisioned budget reflects efficient financial management of a University.

7.1 **Financial Estimates:**

1. Section 21 of the A.P. Universities Act 1991 stipulates that the Executive Council shall prepare the financial estimates for the ensuing financial year and place the same before the Academic Senate.

2. The University shall see that the available resources are judiciously deployed for achieving the objectives of the Act.

3. All liabilities payable during the budget year shall be provided for, as it is no economy to omit or postpone inevitable payments.

4. Mere provision of funds under any budget head of account does not give a right to any Drawing Officer to incur expenditure unless availability of funds and sanction for the expenditure are ensured.

5. All items of receipts and expenditure shall be provided under relevant budget heads of account classified under Revenue and Capital budget, as given in the Form of Budget. Additions or deletions of any of the items of budget require specific approval of the Executive Council.

6. The budget estimated under detailed heads shall be in Lakhs with two decimal places and rounding off the amount to the nearest thousand.

7. All the budgeted provisions shall lapse at the end of the financial year and shall not be available for utilisation in the next financial year.

7.2 **Structure of Budget and its Classification:**

7.2.1 **Fund-Based Budgeting:**

1. The University Budget shall be on the lines of Fund Based Accounting System duly classified under the three Fund Types mentioned under Rule 3.1 of Chapter III of these rules.
(2) The financial transactions of the University shall be grouped under Three Funds as indicated below:

(i) General fund - operating fund of the university to account for all financial transactions not belonging to other types of fund. Fees collected from the students at the time of admission to various courses of study conducted by the university and its affiliated colleges, affiliation fees, examinations fees and other fees related to, and all other income are credited to the fund. The grant given by the State Government towards maintenance such as salaries, pensions and other contingent expenditure is also credited to this fund. The transactions relating to Self-supporting courses (including Distance Education) are also a part of this fund, to be exhibited separately for the purpose of budgeting and accounting.

(ii) Development fund – funds received for specific purposes with reference to the development of the university.

(iii) Earmarked funds – funds earmarked for specific purposes such as Endowment fund, Pension fund, General provident fund, Employees welfare fund, Corpus fund, any other funds specified by the Executive Council of the University.

7.2.2 Budget Classification

(1) The financial transactions of the University shall be classified under Major Head, Minor Head, Sub-Head, and Detailed Head under each Fund.

(2) The principles for the above levels of classifications are as given below:

<table>
<thead>
<tr>
<th>Sl. No</th>

(9) In the case of capital works, the expenditure of which is fully or partly met out of grants from State / Central Governments / University Grant Commission or other external sources, necessary provision shall be made under relevant part of the budget under capital expenditure.

(10) Estimating authorities should explain clearly, material variation between the estimates of the current year and budget estimate of ensuing year.

7.8 Submission of Budget to the Finance Committee.

(1) The Budget Estimates shall be submitted to the Finance Committee with the approval of the Vice-Chancellor.

(2) The Finance Committee shall scrutinise the financial estimates and make its suggestions / recommendation to the Executive Council.
7.9 **Submission of Budget to the Academic Senate**

After considering the suggestions / recommendations of the Finance Committee, the Executive Council shall finalise the Budget estimates and submit them to the Academic Senate for consideration.

7.10 **Provision of additional funds not contemplated in the approved Budget Estimates for the year:**

(1) After passing of the budget by the University, it may sometimes be found necessary to provide additional funds for the following purposes, during the financial year:

   a) when the original grant provided under a budget head of account is found insufficient to meet the expenditure to be incurred during the year,

   b) when expenditure has to be incurred on new services / fresh charges not contemplated and provided for in the original estimates for the year

In the above circumstances, the Executive Council may consider the proposals for providing funds / additional funds, in exercise of the Powers conferred on it under section 23 of the A.P. Universities Act 1991. But, a Report of such expenditure incurred shall be made to the Academic Senate at its next meeting for approval.

(2) Any proposal for sanction of additional funds shall not be considered by the Executive Council unless it is satisfied that it is an inevitable item of the Expenditure which cannot be postponed and that additional resources are available for this purpose.

(3) When grants provided in the budget in respect of the schemes which are fully financed from the grants received from University Grant Commission, outside bodies etc., formal approval for provision of funds in the Budget need not be obtained if the scheme is administratively approved by the Executive Council and the expenditure is within the grants provided and norms prescribed by the funding agency. A suitable explanatory note may be given while incorporating such provisions in the revised estimates.

7.11 **Re-appropriation**

(1) If the funds provided under any Detailed Head of Account of the budget estimates are found inadequate during a budget year, and if savings under any other Detailed Head are anticipated in that year, proposal may be made to provide additional amount by transfer of fund from savings head to the head of account under which it is required. This procedure of transfer of funds from one head of account to another head of account is known as Re-appropriation.
Whenever demand for additional funds are received from the Departments of the University, the Finance Officer shall carefully examine on the basis of progress of expenditure under each head of account and enquiries from the Departments, as to the likely savings under any other head of account. Based on the extent of savings available, he shall submit proposals for re-appropriation, which is in excess of the powers delegated to the Vice-Chancellor, to the Executive Council through the Finance Committee, duly furnishing a Re-appropriation Statement in Form 59.

No re-appropriation of funds shall be considered by the Executive Council in the following cases:

a) Transfer of funds proposed from a head of account with an intention to restore the diverted funds by re-appropriation of likely savings under any other head of account, later in the year,

b) Re-appropriation of funds to meet expenditure not provided or contemplated in the sanctioned budget estimates,

c) Re-appropriation of funds provided for capital works to any other revenue expenditure head,

d) Divert earmarked funds for other purposes.

The Finance Officer shall ensure that all re-appropriations sanctioned during the current year are taken into account while preparing the revised estimates for the current year.

7.12 Quarterly Review of Receipts / Expenditure

Keeping a constant watch over the progress of receipts / expenditure is an important step towards financial and budgetary control. The Finance Officer shall maintain a Budget Control Register in Form 60. Besides, he shall prepare a Report on the Progress of Receipts /Expenditure in Form 61 duly explaining the reasons for the variations and submit it to the Executive Council quarterly, through the Finance Committee.

The Executive Council shall review the Quarterly Reports submitted by the Finance Officer and communicate its observations for further action.

7.13 Review of Overall Performance

The Finance Officer shall prepare a Report on the financial Performance of the University in relation to the Budget during the year, in respect of Development Programmes and externally Aided Programmes.
In order to prepare the Performance Report, the Finance Officer may seek necessary information from the Departments of University about their activity-wise and object-wise programmes and schemes prescribing suitable formats for this purpose.

The Heads of the Departments of the University shall bestow their personal attention and furnish the required information in the form circulated by the Finance Officer so that the activities and achievements of the University are properly projected in the Performance Report.

The information required for the preparation of Performance Report shall, generally contain:

a) the names of the programmes,
b) description of the schemes / activities under the programmes,
c) objectives, targets and achievements or likely achievements in terms of physical, financial and qualitative aspects for the previous year, if any, for the current year and for the budget year,
d) cost of the programme, scheme / activity for the budget year on manpower, material, equipment and machinery,
e) if the programmes / schemes are spread over long period, the financial requirement for each year, the source of budgetary support for each programme / scheme and the budget head of account under which it is proposed to be met shall be indicated by the Departments concerned.

The Finance Officer shall place the draft Performance Report for the year, before the Vice-Chancellor, who, after detailed discussion with the Heads of concerned Departments, shall finalize the Performance Report, and place it before the Executive Council through the Finance Committee for consideration.
8. Execution of University Works.

8.1 Classification of Works

(1) The operations of the Engineering Department of the University are divided primarily into two classes: “Original Works” and “Repairs / Maintenance”. The expenditure under each class should be accounted for separately.

(2) The term “Original Works” indicates new constructions whether of entirely new works or of additions and alterations to existing works and also all repairs to newly purchased or previously abandoned buildings required for bringing them into use.

(3) The term “Repairs / Maintenance” indicates primarily operations undertaken to maintain in proper condition, buildings and works in ordinary use. The term “Repairs / Maintenance” includes upkeep and maintenance of buildings, equipments or other assets so as to keep them in proper working order. It also includes minor additions or alterations which do not materially increase the value of the asset.

(4) When a portion of an existing structure or work is to be replaced or remodeled and the cost of the change represents a genuine increase in the value of the property, the work of replacement or remodeling may be classified as “Original Work”. In all other cases the whole cost of the new work should be charged to repairs.

8.2 Ordinary Repairs and Special Repairs:

(1) Ordinary Repairs are generally divided into three kinds:

   a) Periodical repairs which are carried out as a matter of routine or rotation and usually involve the same quantity from time to time, such as painting or white washing of a building, etc.

   b) Repairs which are not carried out as a matter of regularity but which is convenient to carry out, as far as may be necessary, at the time of periodical repairs,

   c) Occasional or petty repairs which may have to be carried out between the times of periodical repairs.

(2) Special Repairs are those which are not periodical or frequent such as renewal of floors and re-roofing of a building, replacement of beams etc.

(3) The University Engineer shall prepare an action plan for ongoing works / new works / repairs and maintenance to be carried out during
the next financial year and recommend to the Finance Officer to make necessary budget provision in the Annual Financial Estimates.

8.3 Administrative Approval and Technical Sanction

(1) Administrative Approval denotes formal acceptance and in effect an order of the competent authority to the University Engineer to execute certain work at an approved sum based on rough estimate with preliminary plans prepared by him or authorized person.

(2) For every work proposed to be carried out, except petty works and repairs the cost of which is not likely to exceed Rs.5,000/- (Rupees Five thousand only) or as may be prescribed by competent authority, a proper detailed estimate must be prepared for the sanction of the competent authority. This sanction by the competent authority is known as Technical Sanction to the estimate. Such sanctions can only be accorded by an Engineering subordinate of the University to whom powers have been delegated by the University or an Engineer of Public Works Department of Government, to whom the work has been entrusted by the University. The Technical Sanction shall not ordinarily exceed the Administrative Approval. However, under special circumstances it may be higher than the Administrative Approval but shall not exceed 10% of the Administrative Approval.

(3) Any proposal for according Administrative Approval to a work shall be accompanied by a preliminary report as to the necessity of the work, approximate estimate for the work, the source and the budget head of account under which it can be met, drawings relating to the works and other information relevant to the work.

(4) Splitting of the estimate to avoid sanction of higher authority shall be strictly avoided.

(5) The Administrative Approval or a Technical Sanction for original work, unless the same has been commenced, shall cease to operate after expiry of five years from the date of approval or sanction.

8.4 Authorities competent to accord Administrative approval / Technical sanction / Approval of tenders

The Executive Council may lay down rules specifying the financial limits upto which the University Authorities / Officers can exercise the powers of the sanction with regard to Administrative approval / Technical sanction / Approval of tenders
8.5 Preparation of Estimates

The University shall constitute a **Works and Buildings Committee** with the following members to examine the proposals relating to infrastructural developmental works of the university.

| (i)  | Vice-Chancellor  | …Chairman |
| (ii) | Rector          | …Member   |
| (iii)| Consulting Engineer / Technical advisor | …Member |
| (iv) | Superintending Engineer (R&B) | …Member |
|      | of the Circle concerned pertaining to the location of the University |
| (v)  | Registrar       | …Member   |
| (vi) | Finance Officer | …Member   |
| (vii)| University Engineer | …Convener |

The Committee shall be entrusted with the following functions:

(i) to examine and recommend for sanction of technical estimates in excess of the powers delegated to the University Engineer.

(ii) to examine and make suitable recommendations with regard to (a) the tenders containing special conditions, (b) the tenders in excess of the powers delegated to the Vice-Chancellor.

(iii) to examine the changes in design or major alterations found to be necessary during the execution of work and make suitable recommendations thereon.

(iv) to scrutinize the factors necessitating the revision of estimate and make suitable recommendations.

(v) to examine and suggest with regard to appointment of architectural consultants, claims of the contractors, arbitrations, etc.,

(1) While preparing the estimates, current standard schedule of rates of the circle of Public Works Department in which the University is located, shall be adopted.

(2) Detailed plans and estimates for original works shall be prepared only after the administrative sanction to the work is accorded and the designs and drawings are finalized. The Resolution number of the Executive Council or orders of other authority competent to accord approval shall always be quoted in the estimate.

(3) The Estimate shall be prepared generally in the forms used in the Public Works Department of Government. The University Engineer
may, however, modify the formats, to suit the requirements of the University.

(4) The estimate shall provide for the complete work (which shall include electrical, sanitary, water supply, special fixtures and fittings if any) and not piece-meal work. The cost of the work shall generally be calculated at the rates given in the standard schedule of rates of the relevant year. In respect of rates provided for items of work not contemplated in the Standard Scheduled of Rates or for any reason Standard Schedule Rates are not considered adequate and higher rates are necessary, a detailed data sheet showing the reasons for higher rates shall be appended to the estimate and placed before the Works & Buildings Committee for its concurrence. Wherever extra items or deviations from the approved estimate are proposed, these shall be got technically sanctioned by the authority which accorded Technical Sanction for the original estimate of the concerned work.

(5) Where sanction to a work has been accorded by a competent authority, additions or alterations likely to result in excess shall be permitted only to the extent of the powers delegated to the competent authority. Where important structural alterations are contemplated, orders of the original sanctioning authority shall be obtained even though they do not involve excess outlay.

(6) A lumpsum provision shall be made in abstract estimates to meet the expenditure to be incurred by the Contractor on engaging Technical Personnel based on number of persons indicated in the tender document and permissible wages as per SSRs.

(7) In respect of major works, provision towards unforeseen items at 2% and 1% towards quality control check shall be made in the estimates.

(8) A lumpsum provision shall be made in the abstract estimates towards insurance for the work, covering the agreement period and the defect liability period, duly ascertaining the amount of premium payable to the insurance company.

(9) The seigniorage charges at the rates prescribed by the Mines and Geology Department of the State Government from time to time and leads of various building materials from the approved quarries shall be taken into consideration in working out the rate for each individual item of the work in the detailed estimates.

(10) Provision for Value Added Tax (VAT) at the rate prescribed by the Government from time to time, shall be made in the abstract estimates.

(11) The Annual Repairs estimates for different categories of buildings shall be based on plinth area at the rates per annum as shown below:

(i) Normal residential and office buildings - Rs.1.60 per sft.
(ii) Educational institutions and hostel buildings - Rs.2.20 per sft.
(ii) Hospital and Medical buildings - Rs.3.00 per sft.
(adopted from AP Public Works Department Code and as revised from time to time)

The repair estimate shall lapse on the last day of the same financial year. Estimate for special repairs remains current till the completion of the repairs in the same manner as estimates for original works. The University Engineer shall keep in his office, Standard Measurement Books showing the detailed measurements of each building which is usually taken up for Annual Repairs.

(12) In respect of development of a work which is held to be necessary while it is in progress but is not fairly contingent on the proper execution of the work as first sanctioned, a supplementary estimate should be submitted to the competent authority for sanction together with a full report as to the circumstances which make it necessary.

The University Engineer who submits a supplementary estimate for sanction should see:

(i) that it is numbered consecutively with reference to the supplementary estimates, if any, already submitted in respect of the same work and

(ii) that the proposal for sanction shows the amount of the original estimate, the amount of the previous supplementary estimates already sanctioned or pending sanction, and the total cost of the work, including the amount of the supplementary estimate now submitted.

(13) When the original estimate is likely to be exceeded for any reason by more than 10% or when a change of design or plan is necessary, or on account of execution of any item in excess of the estimated quantity, a Revised Estimate shall be prepared as soon as the necessity arises and before the completion of the work. The revised estimate shall be got sanctioned by the authority competent to sanction work for the revised cost of the works, if it is beyond the powers of the authority which sanctioned the original estimate.

(14) Any minor deviations within the sanctioned estimate which do not necessitate the preparation of revised estimate may be carried out with the sanction of the Registrar or Vice-Chancellor in accordance with the powers delegated in this behalf. Such deviations shall, however, be shown in the form of revised workslip to be kept on record along with the sanctioned estimate.

(15) The sanction to an estimate for a work shall be strictly limited to the precise object for which the estimate was intended to provide. Any anticipated or actual savings on an approved estimate shall not be used
to carry out additional work other than incidental work arising out of the main work, not contemplated in the original plan and estimate for the work. The incidental work may be carried out within the total sanctioned estimate with the approval of the Registrar or Vice-chancellor or the Executive Council in accordance with the powers delegated for the purpose.

(16) When a work is likely to be spread over more than one financial year, the budget allocation for that work shall be limited to the value of work that is likely to be executed during the financial year concerned and care taken to provide balance of fund in the budget of subsequent year.

(17) The total of the works grounded in any year including the works given through tender or nomination basis shall not exceed the total budget allocation to the University Engineer for that year.

(18) When a work is abandoned after partial execution due to unavoidable circumstances and is proposed to be taken up again, a fresh estimate shall be prepared for the balance work to be executed, before the work is restarted.

8.6 Method of Execution of Works

(1) Work should be executed only upto the limit granted by administrative sanction. No excess work should be undertaken without the sanction of a Competent Authority.

(2) Works shall be executed either departmentally or through contract. In respect of works proposed for execution departmentally, the labour required for the work cannot be employed directly but shall be engaged only through an agency.

(3) No work shall be commenced without proper authority. An order to prepare an estimate is no authority for execution and no work shall be commenced or expenditure in connection with it incurred, until funds are provided.

(4) With regard to the execution of works, verbal orders shall not be given by any authority, but where due to urgency or inevitable circumstances such orders are given, they shall be confirmed in writing after obtaining the sanction of the competent authority.

(5) The University Engineer or his subordinate who starts any such work without a written order from higher authority or an officer who issues a written order to start a work otherwise than in accordance with the rules will be liable to be held personally responsible for paying for the work done if it is found that his action was not fully justified by very exceptional circumstances.
In the case for annual current repairs, where it is not possible conveniently or economically to carry out individual items of estimates departmentally, they may be got executed on piecework contract.

Petty works costing less than Rs.1,00,000/- (Rupees One lakh only) shall be carried out either on regular contract basis (Lumpsum) or piecework basis (K2). All works costing more than Rs.1.00 lakh and above or as prescribed by the competent authority, which (i) demand technical skill and/or considerable financial/material resource; and (ii) other works the execution of which within a stipulated period is considered necessary for financial or other administrative reasons, shall be in Regular Lumpsum Contract form No. V-53 of APDSS. In other cases, depending on the nature of the work, the execution of the work through K2 contract may be authorized by the competent authority.

The procedures for preparation of estimates, tender conditions and awarding of contracts and the related financial limits are changing very fast due to abnormalities in the prices and experiences with the contractors in the Execution of works. Hence, the practices prevailing in the R&B department at the time of preparation of estimates and the awarding the contracts may be adopted for the university works.

### 8.7 Engaging Consulting Architects / Structural Engineers / Civil Engineers / Project Management Consultant in the execution of major projects and works:

1. In the case of Major works and Projects, the University may engage consulting Architects / Structural Engineers / Civil Engineering Firms for designing or preparation of project reports or preparation of plans and estimates, scrutiny of plans and estimates prepared by the University Engineer or execution of works or supervision of works executed by a different executing agency.

2. For this purpose, the University may from time to time invite letter of intent to be in the panel of Consulting Agencies, from the Consultants / Consulting Agencies in the area of expertise required by the University and have a list approved by the Executive Council. This list shall be prepared after due consideration of their experience and reputation, number of projects / works executed for State or Central Government Departments or Undertakings, Universities, their financial stability, cost of the projects / works handled, their lead players profile, etc.

3. Whenever a project or a major work involving substantial investment has to be executed, the University may invite financial bids from the Consulting Agencies or Consultants in the list, for specific services required. The Works & Buildings Committee will scrutinize the bids received and its recommendations are to be placed before the Finance Committee / Executive Council for final approval.
(4) The University shall prescribe the modalities including terms of payment with regard to assignments

(i) involving preparation of Project Report relating to a major work or preparation of plans and estimates for major works

OR

(ii) scrutiny of plans and estimates prepared by the University Engineer or others.

However, the claims of the Agency / Consultant shall be verified by the University Engineer who shall pass the bill for payment duly recording a certificate to the effect “that the claimant has satisfactorily fulfilled conditions pre-requisite to the payment of the amount now claimed”.

(5) Wherever the University has a teaching department for Civil Engineering or Architecture, the services of the faculty members may be utilized for the purposes of supervision, and quality assurance of all construction works of the University.

8.8 Contracts

(1) The term “Contract” as used in this Chapter, does not include agreements for the execution of work by “Piece Work”, nor does it include mere ordinary purchase of materials or stores. All other works executed pursuant to an agreement entered into, is termed as “Contract Work”. In agreements for such work, there should generally be a stipulation as to the rates, quantity of work to be done, and the time within which it is to be completed.

(2) “Piece Work” is that for which only a rate is agreed upon without reference to the total quantity of work to be done or the quantity to be done within a given period. In respect of Piece Works, the agreement shall be in K-2 contract form No.V-51 of the AP Detailed Standard Specifications (APDSS).

(3) The contract shall be either item rate or percentage above / below the rates given in the notified schedule or lump sum for the entire work. No contract shall have any commitment on the University for supply of materials or other stores or for providing tools and plants, machineries or vehicles for works, to the Contractor.

(4) The University works shall be entrusted to a Contractor registered as a particular Class of Contractor in Public Works Department (R & B department, Irrigation and Command Area Development (I&CAD) department) or in the University.

(5) The following principles shall be followed by officers entering into contracts:
a) The terms of a contract must be precise and definite, and there must be no room for ambiguity or misconstruction therein,
b) As far as possible, legal and financial advice should be taken in the drafting of contracts and before entering into them finally,
c) Standard forms of contracts approved by the Government shall be adopted.
d) Terms of a contract once entered into shall not be materially varied without the previous consent of the competent authority,
e) No contract involving an uncertain or indefinite liability or any conditions of an unusual character shall be entered into without the previous consent of the competent authority,
f) Whenever practicable and advantageous, contracts shall be concluded only after tenders have been openly invited and, in case where the lowest tender is not accepted by the competent authority, reasons shall be recorded,
g) In selecting the tenders to be accepted, the financial status of the individuals and the firms tendering must be taken into consideration in addition to all other relevant factors,
h) No contracts shall be entered into by University employees, who have not been empowered to do so. Contracts regarding which there are no definite rules or orders of Government / University as to conditions, forms etc., shall be entered into only after obtaining the sanction of competent authority, who will take necessary legal and financial advice in each case,
i) Even in cases where a formal written contract is not made, no order for supplies etc., should be placed without at least a written agreement as to price,
j) Provision must be made in contracts for safeguarding University property entrusted to a Contractor,
k) Provision shall be made in contracts to enable University to cancel it with due notice,
l) A clause to the effect that the Contractor shall be responsible for payment of compensation to any workmen under the Workmen’s Compensation Act, shall invariably be inserted in the Contract, duly executing an indemnity bond on a non-judicial stamp paper of the appropriate value.
m) Necessary conditions should be incorporated for suitable reimbursement to the contractors out of the lumpsum allocations made in the estimate for each of the items viz., Insurance premium for the work, appointment of Technical Assistant. The reimbursement shall be limited to the extent of allocation in the estimate and shall be made only on production of relevant documents. Failing to engage the Technical Personnel, suitable penalty shall be imposed on the Contractor. In the case of failure of the Contractor to furnish the Insurance Policy, the University Engineer shall take insurance policy at the cost of the contractor and deduct the premium from the
Contractor bills. These reimbursements are not permitted where the item rates includes over heads as per standard schedule of the rates.

n) Time is the essence of the contract in respect of lumpsum agreements and a realistic period for execution of the work shall be mentioned in the agreement and the power reserved therein for cancellation of the contract and for getting the work done by any other agency at the cost of the Contractor in case of failure on his part to commence the work in time or to maintain the rate of progress with due diligence. Provision shall also be made in the agreement for imposing penalty for breach of any conditions of the agreement.

o) Work shall be executed strictly in accordance with specification given in the approved estimates. The terms of every agreement shall be strictly enforced and nothing shall be allowed to be done that would tend to nullify or vitiate any agreement.

p) There should be no provision for price escalation clause in the contract. However, price adjustment is applicable as per the government orders in vogue for materials like steel and cement used on the works carried out within the agreement period only and shall not apply to the work carried out beyond the agreed period of completion. Such price escalation shall be limited to the excess over the tender premium percentage.

q) Revision of rates in accepted agreements of any kind, during the currency of such agreements is normally prohibited. In exceptional cases, where there are sufficient reasons to revise rates in current agreements, then the University Engineer may obtain sanction of the authority above that which accepted the agreements.

r) Every officer must, before initiating the legal proceedings against a contractor, obtain prior approval of the competent authority.

8.9. Advances to Contractors

Advances to contractors are as a general rule prohibited. However, the contractors for works exceeding Rs.1 crore of estimated contract value are permitted to avail the facility of mobilization advance up to 10% of the value of the contract against an unconditional and irrevocable Bank Guarantee recoverable at suitable rate of interest (Government borrowing rate) in instalments on pro-rata basis in the contractor’s bills. The mobilization advance may be released in two instalments (5% for labour mobilization and 5 % for machinery and equipment) subject to releasing the second instalment against a certificate this effect by the University Engineer when the work is in progress.
8.10 Contract Documents

(1) Before a work is given out on a contract, the University Engineer must prepare “Contract documents” to include:

a) A complete set of drawings showing the general dimensions of the proposed work and, so far as necessary, details of the various parts,

b) A complete specifications of the work to be done and of the materials to be used and the Standard Specification number of the relevant specifications of the A.P. Standard Specifications shall be referred to in the schedule attached to the Contract Document,

c) A schedule of quantities and rates of the various descriptions of item of the work including all leads and lifts up to the approved quarries.

d) A set of “Conditions of contract” including the preliminary specifications of the APSS to be complied with by the tenderer should form part of the contract,

e) The notice for invitation of tenders shall form part of the agreement. It should, however, be ensured that the terms and conditions specified in the notice for inviting tenders do not in anyway contravene the terms and conditions of the standard format of agreement. Any additions or alterations to rules / clauses of the notice for invitation of tenders / agreement shall be got approved by the authority competent to accept the tender, after obtaining legal opinion.

(2) In respect of works of critical nature and great magnitude involving special features, the contract deeds should be prepared in consultation with the legal authority and got approved by the Executive Council.

(3) For every work given out on contract, an agreement on a non-judicial stamped paper of the appropriate value shall be taken. As soon as an agreement is entered into with the Contractors, it shall be entered in a register of Agreements in Form 62 and given a number and date and year.

8.11 Tenders

(1) The tender notice shall invariably indicate the following particulars:

a) The name of the Work,

b) Estimated Contract Value (ECV),

c) Time allowed for completion of the work,
d) The place and the time where the tender schedules can be obtained and the amount to be paid towards the cost of tender schedule plus tax,

e) Place, date and time for submission of filled in tenders,

f) Place, date and time of opening of tender.

g) The amount of Earnest Money Deposit (EMD) to accompany the tender and the balance amount of EMD required in the case of the accepted tender,

h) The authority competent to accept the tender.

i) Right to accept or reject the tender without assigning any reasons.

(2) Contracts for works estimated to cost less than Rs.50,000/- (Rupees Fifty Thousands only) may be given out on nomination basis without the invitation of Public tenders in view of the urgency or any other reasons to be recorded. In such case, the rates allowed should not be in excess of the current schedule of rates. Splitting of the work into pieces to avoid tenders and entrustment of each piece of work on nomination basis is strictly prohibited.

(3) Tenders should invariably be invited publicly for all works to be given out on contract and estimated to cost Rs.50,000/- (Rupees Fifty Thousand only) and more, except only when additional works or items of work have to be undertaken as part of a scheme for which tenders have originally been invited publicly and which are required to be executed along with the original work in progress. Reasons therefor shall be recorded and submitted to the authority competent to accept the tenders.

(4) Limited tender system can be followed for works costing upto Rs.5.00 lakhs (Rupees Five lakhs only). Even in the case of works costing above Rs.5.00 lakhs, limited tender system may be adopted in the following exceptional cases.

(i). When there are sufficient reasons for holding that it is not in the public interest to call for tenders by advertisement, in which case the University Engineer must record the reasons and obtain approval of the competent authority.

(ii). When the University Engineer certifies that the demand is so urgent and invitation of tenders publicly will result in delay, in which case the University Engineer must place on record the nature of the urgency and why the demand could not be anticipated and obtain approval of the competent authority.

(5) If the estimated cost of a construction work is Rs.5.00 lakhs (Rupees Five lakhs only) and above, sealed tenders shall invariably be invited in the most open and public manner possible by advertisement in the prominent local newspapers and “Tenderla Samachara Patrika”. The University should give the brief notification in the manner of a small
advertisement giving reference to the website from which the details of the tender documents, last date of sale of tender documents, receipt and opening of tenders, etc., can be viewed / downloaded by the Intending tenderers.

(6) If the tender is of an unusual character / special nature, the contract documents together with a copy of the proposed advertisement for tender, and the form of the tender notice shall be submitted to the Works & Buildings Committee for consideration.

(7) The limits fixed for receipt of tenders from the first advertisement date shall be as follows:

(i) First call : 14 days from the date of notification

(ii) Second call : 7 days if there is no response to the first call

If the above time limit could not be adhered to, a special permission of the tender accepting authority shall be obtained for relaxation of time limit duly recording the reasons there for.

(8) No tenders shall be received after the expiry of the time specified for receipt in the tender notice, even though these are presented before the time fixed for opening of tenders.

(9) On the date, time and place, all tenders received for the same contract shall be opened by the University Engineer or any other officer specified in the tender notice, in the presence of such of the intending Contractors or their agents as may choose to attend. The officers opening the tender should keep a note of the total number of tenders received and opened by him in Tender Opening Register in Form 63.

(10) The Officer opening the tenders shall invariably date and initial not only the corrections in the schedule of quantities, rates, schedule of materials to be issued, specifications and other essential parts of contract documents but shall invariably date and initial all the pages of the Schedule of Quantities irrespective of whether they contain or do not contain any corrections, over-writings, etc. The number of such corrections and over-writings must be clearly mentioned at the end of each page of the Schedule attached to the tender paper and properly attested with date. Any omission observed should also be brought out clearly on each page of the Schedule.

(11) The corrections and over-writings should be allotted separate numbers i.e., corrections should start form 1, 2, 3, etc., and over-writings should similarly start separately from 1, 2, 3 etc.

(12) In case where the Contractor has quoted rate in rupees and paise, the word “only” shall invariably be added after the words rupees and the addition should be initialed and dated with suitable remarks at the end.
Where the Contractors have omitted to quote the rates in figures or in words, the omission should be recorded by the officers opening the tender on each page of the Schedule.

As a rule, no tenders for the execution of works of any description shall be received unless accompanied by the Earnest Money Deposit to the extent notified in the tender notice.

The currency period of any tender shall not be more than 90 days. If delay in deciding the tender is inevitable, the consent of the tenderer for agreeing to keep open the offer for a minimum further period shall be obtained in advance from the tenderer.

8.12 e-Tenders

The procedure for tendering process through e-Procurement is as follows:

(1) The University should give a brief notification in the prominent local newspapers and “Tenderla Samachar Patrika” in the following format:

<table>
<thead>
<tr>
<th>Name of the University</th>
</tr>
</thead>
<tbody>
<tr>
<td>e-Procurement Notice</td>
</tr>
<tr>
<td>1. Name of the Work     : _______________________________</td>
</tr>
<tr>
<td>2. Estimated Contract Value : _______________________________</td>
</tr>
<tr>
<td>(Rupees in lakhs)</td>
</tr>
<tr>
<td>3. Last date / Time for receipt : _______________________________</td>
</tr>
<tr>
<td>of tenders</td>
</tr>
<tr>
<td>4. Name and address of the Univ. Engineer concerned : _______________________________</td>
</tr>
</tbody>
</table>

Further details can be seen @ e-procurement market place @ “www.e-Procurement.gov.in”.

(2) All the officers authorized to invite, open and approve the tender shall mandatorily login to e-Procurement mode using their digital certificates issued by the service provider to carry out transactions in e-Procurement platform.

(3) The University shall direct the suppliers / contractors registered with it to obtain digital certificates from the service provider on payment of requisite charges.

(4) All the suppliers / contractors have to mandatorily login to e-Procurement website through secure mode and authenticate all their electronic transactions using digital certificates (signing certificate – single key pair) obtained from the service provider.

(5) The bidder shall authenticate the bid with his digital certificate for submitting the bid electronically on e-Procurement platform. The bids
not authenticated by digital certificate of the bidder will not be accepted on the e-Procurement platform.

(6) The participating bidders will pay the transaction fee as prescribed from time to time to the service provider through payment gateway service on e-Procurement platform, at the time of submission of bids.

(7) The University shall collect prescribed fee from successful bidders on e-Procurement platform towards e-Procurement fund, before entering into agreement / issue of purchase orders. This charge is in addition to the transaction fee paid by the bidder.

(8) The officers vested with tender opening powers shall obtain dual key pair digital certificate i.e., two digital certificates comprising a signing certificate and an encryption certificate.

(9) All other officers shall obtain only one digital certificate i.e. signing certificate (Single key pair).

(10) The cost of the digital certificate issued to the officers will be met from the e-Procurement fund.

(11) The intending bidders should upload the scanned copies of all the relevant certificates, documents, EMD (DD / Bank Guarantee) etc., in the e-market place in support of their technical bids. The evaluation of technical bids may be done in the first instance on the basis of the documents uploaded through online only. The technical bids will be evaluated against the specified parameters / criteria and the technically qualified bidders will be identified and the results displayed on the e-market place which can be seen by all the bidders who participated in the tender. Thereafter the price bids of all the technically qualified bidders will be opened by the indenting authority in the presence of Registrar / Finance Officer on the specified date and downloaded for comparative tender analysis.

(12) The successful tenderer will be displayed on the e-market place. The successful price bidder will have to submit hard copies of all uploaded documents including Demand Draft / Bank Guarantee towards Earnest Money Deposit to the tender inviting authority before entering into an agreement within the stipulated date. The University Engineer will not take any responsibility for any delay or non-receipt of original documents. On receipt of the documents, University Engineer shall ensure the genuinity of the documents submitted in support of the qualification criteria before concluding the agreement.

(13) If any successful bidder fails to submit the original and hard copies of the uploaded documents within the stipulated time or if any variation is noticed between the uploaded documents and the hard copies submitted by the bidder, the successful bidder will be suspended from participating in the tenders on e-Procurement platform for a period of 3
years. The e-Procurement system would deactivate the user ID of such defaulting bidder based on the recommendations of the tender inviting authority. Besides this, the University Engineer shall invoke all processes of law including criminal prosecution of such bidder as an act of extreme deterrence to avoid delays in tender process. This clause may be prominently displayed in all tender notifications.

(14) If for any reason the successful bidder is not in a position to conclude the agreement, the next lowest price bidder may be contacted for entering into the tender agreement. This process may be repeated till all the price bidders are exhausted.

(15) Negotiations with the tenderers are not permitted to be conducted at any level.

(16) All the existing codal rules, Government Orders, Executive instructions applicable to the processing of conventional tenders are equally applicable to the tenders through e-Procurement also.

8.13 Comparative Statement of tenders received

(1) As soon as the tenders are opened, the University Engineer will prepare a comparative statement showing the rates quoted by the various tenderers. After completion of evaluation of tenders, the comparative statement may placed before the Works & Buildings Committee for clearance and its recommendations to be placed before Finance Committee / Executive Council for approval.

(2) Normally, the lowest tender should be accepted after ascertaining the capacity of the contractor. For all works, the ceiling of tender premium shall be 5%. As per the guidelines, even after two calls if the tender premium is more than 5%, the matter should be referred to the Works & Buildings Committee and the Committee may order for a fresh call or may constitute a Committee to award the work on selection basis to a reputed contractor on the basis of past performance.

(3) In cases where it is decided to accept a tender other than the lowest, the decision shall be taken by the Works & Buildings Committee, duly recording the reasons in the proceedings.

(4) The University Engineer is responsible for the safe custody of accepted tenders and contract agreements. He shall keep a detailed record of such agreements in Form 62. He is authorized to issue certified copies of tenders and agreements to Contractors for reference on payment of fees prescribed by the University and while doing so, he should verify if the copies are correctly transcribed from the original and sign the copies himself.
8.14 Procedure for award of works on selection / nomination basis

(a) Entrustment of works on selection basis.

(1) When the notification inviting the tenders fail to receive any response and a second invitation does not improve the position.

(2) When the tenders received are found to have abnormally high percentage or within the permissible ceiling limits prescribed but under collusion or due to unethical practices adopted at the time of tendering process, have to be rejected. When such situation arises that even for second tender call, the reasonable percentage in fair and free environment is not received.

(3) In both the above situations, the works will be entrusted on selection basis from out of the list of contractors who are possessing the eligibility criteria as specified in the tender document with proven track record will be selected in turns of 5 contractors at each time and will be asked to file their price bids at a specified place and time before the Works and Buildings Committee. The committee shall assess the reasonableness of percentage quoted and recommend to the competent authority to award the work.

(b) Entrustment of works on nomination basis:

For giving works on nomination basis, lists of contractors with good track record will be prepared. In preparing these lists, the volume of works done, quality of works done by them, the infrastructure possessed by them and also works on hand and their capability will also be considered. The list of contractors should be prepared and published in advance regularly i.e., once in 6 months, with the approval of the Works and Buildings Committee. From these lists contractors will be called for negotiations in groups of 5 in rotation. The contractor offering to do the work at the lowest rate will be given the work. Time allowed for selection by the Committee will be 5 days.

8.15 Earnest Money Deposit and Security Deposit

(1) Security Deposit shall in all cases be taken for the due fulfillment of a contract in terms of clauses of Preliminary Specifications (PS) to A.P. Detailed Standard Specifications (APDSS). This security may be in the form of

a) a crossed demand draft for the Earnest Money Deposit accompanying the tender,

b) a deduction of percentage fixed from the payments made on account of work done towards Security Deposit.
(2) The Earnest Money Deposit is the guarantee of the tenderer to enter into the required agreement on intimation of acceptance of his tender. The amount of earnest money shall be paid by the tenderer to the University as indicated in the tender notice. In the event of any tenderer failing to enter into agreement, the EMD shall be forfeited. The EMD and the Security Deposit withheld from each running account bill are intended to safeguard the interest of the University to ensure the completion of the work to the satisfaction of the University.

(3) The rates at which the Earnest Money Deposit and Security Deposit (Retention amount) required to be taken on the value of the work shall be as follows:

<table>
<thead>
<tr>
<th>Form of Contract</th>
<th>EMD</th>
<th>Retention amount in each bill</th>
</tr>
</thead>
<tbody>
<tr>
<td>Piece work contract (K2)</td>
<td>1½ %</td>
<td>3 1/2%</td>
</tr>
<tr>
<td></td>
<td>Along with</td>
<td></td>
</tr>
<tr>
<td></td>
<td>Tender</td>
<td></td>
</tr>
<tr>
<td>Lumpsum contract (LS)</td>
<td></td>
<td></td>
</tr>
<tr>
<td>a) Along with Tender</td>
<td>1%</td>
<td>7 1/2%</td>
</tr>
<tr>
<td>b) At the time of concluding agreement</td>
<td>1½ %</td>
<td></td>
</tr>
</tbody>
</table>

(i) For the works costing less than Rs. 50.00 lakhs, the EMD should be in the shape of crossed demand draft only.

(ii) For the works costing more than Rs. 50.00 lakhs, the EMD can also be paid in the shape of Bank Guarantee obtained from any Nationalised Bank.

(iii) Additional Security Deposit in respect of Discount Tenders who have quoted 25% less than the estimate contract value, has to be collected in the shape of a Bank Guarantee or DD for the difference amount between the tendered amount and 75% of the estimate value and the same may be released only after completion of the entire work.

(iv) EMD shall be collected in respect of Nomination works as in the case of K2 contracts. In cases where 1½ % of the value of the work is not collected at the time of concluding agreement, deduction must be made from each bill at 5%.

(v) In addition to EMD, 2½% of the total value of work done should only be withheld from the final bills of the contractors in respect of LS contracts, releasing the balance amount of retention amount.

(4) The Earnest Money received in the form of demand drafts along with the tenders shall be kept in the custody of the University Engineer till the tender is finalized. He shall return the demand drafts of the unsuccessful tenderers after finalization of the tender. The demand...
draft in respect of the successful tenderer shall be taken to Deposit account and necessary entries made in the Deposit Register in Form 9.

(5) No interest shall be allowed on these amounts.

(6) The EMD & Security Deposit shall be refunded to the Contractor after the defect liability period of 24 months from the date of completion of the work in terms of the agreement.

8.16 Issue of work order

On acceptance of the tender, the University Engineer shall ensure that necessary contract document in the prescribed form is signed by the Contractor and the competent authority of the University, at the earliest. Besides, he shall also ensure that “Work Order” is issued to the Contractor to commence and complete the work as per the time schedule indicated in the contract agreement.

8.17 Granting Extension of time for completion of works

(1) The authority competent to accept the tender of a Contractor is also competent to give extension time for the performance of the contract work according to the powers delegated to it / him subject to the following conditions:

i. When work is obstructed by natural calamity or by any action on part of the University,

ii. When the delay is on account of some unforeseen obstacles in executing work for which the Contractor is not responsible.

In the above cases, the extension of time for execution of work will be limited to the actual working period lost, plus 25% of that period.

(2) In other cases, the University Engineer shall carefully examine the causes and assess the period of delay for each of the cause precisely, before submitting the proposal for extension of time to the competent authority.

(3) If the Contractor had failed to commence the work on the stipulated date or had stopped work intermittently without intimation to the University Engineer and this had resulted in delay, action shall be initiated to levy penalty for the delay.

(4) For the delay in completion of the work by the Contractor, where the delay is attributable to the Contractor, the penalty shall not exceed 5% (five percent) of the total contract amount.

(5) While granting extension of time, actual time required for the completion of balance of work shall be taken into consideration.
If a contractor fails to execute the contract or executes unsatisfactorily or is proved to be responsible for construction defects or violates any important conditions of the contract or is litigious by nature, the University will take action to blacklist the contractor to prevent him from tendering for future works.

8.18 Completion of Work

(1) The contractor shall inform the University Engineer in writing as to the date of completion of a work and the University Engineer shall inspect and confirm the same. Such date shall be reckoned as the Date of Completion for all practical purposes and not the day on which the final measurements are recorded.

(2) A completion report in Form 64 shall be prepared by the University Engineer within a period of 3 months after the actual date of completion of work as per the terms and conditions of the agreement and placed before the competent authority. The fact of completion of work shall be recorded in the Register of Works. If there are excesses or deviations from the original estimate during the execution of the work, the revised estimate also shall be prepared and submitted to the competent authority for regularization. The fact of regularization shall be recorded in the Register of Works.

(3) The fact of the completion report having been furnished by the concerned officer does not in any way absolve the official in-charge of the works from exercising their normal supervision / checks in respect of proper execution of works / scrutiny of the claims, if any, made by the contractor.

8.19 Closing the Account on Completion of Works

(1) It is important to close and settle the accounts of works as soon as possible after the actual work of construction is completed. If there is necessarily any delay in the closing of the accounts, it should be seen in particular, that further charges are not incurred without the permission of the Vice-Chancellor.

(2) Before the accounts of a work can be closed on its completion, it should be ensured that all outstanding liabilities have been liquidated and the balances under the suspense heads, amounts debitable to the contractor are cleared. If the whole or any part of the expenditure is recoverable from the colleges, departments and other funding agencies, action should be taken to complete the necessary recovery before the accounts of the work are closed.

(3) Whenever the final bill is held up for want of sanction to the revised estimates, the University Engineer should ensure that the revised estimate is got sanctioned by the competent authority at the earliest.
8.20 Measurement Books

(1) The Measurement Book shall be the most important record since it forms the basis for all payments.

(2) Payments for all work done and for all supplies required for specific work shall be made on the basis of measurements recorded in measurement books in Form 65. These books shall be numbered serially and their account maintained by the University Engineer. The pages of each book shall also be machine numbered.

(3) A stock register of measurement books shall be maintained by the University Engineer in Form 66 showing the printed number on each book, the name of the person to whom it is issued, the date of issue and the date of return.

(4) Each set of measurements shall commence with the entries indicating following details:

In the case of works contracts:

i. Full name of the work
ii. Location of the work
iii. Name of the Contractor
iv. Work order number and date
v. Number and date of agreement
vi. Work Code
vii. Date of commencement and scheduled date of completion of work and
viii. Date of measurement

In the case of supply of materials:

Purpose of supply in one of the forms applicable to the case:

i. “Stock” (for all supplies for stock purchases)
ii. “Purchases” for issue to works (name of the work to be given)
iii. “Purchases” for issue to the Contractor (name of the work to be given as in the work estimate)
iv. Spot of delivery
v. Name of supplier
vi. Number and date of his agreement
vii. Number and date of supply order
viii. Date, quantity, value of actual supplies and
ix. Date of measurement

(5) Entries shall be recorded continuously and no blank pages should be left torn or torn out. If any pages are left blank inadvertently, they should be cancelled by diagonal line and attested and dated. The entries shall ordinarily be made at the work spot, in ink. No entry shall
be erased or overwritten. If a mistake is made, it should be corrected by crossing out the incorrect words and figures and inserting the corrections, which shall be initialed and dated. He shall also fill up the figures for the ‘contents or area’ column. Each set of measurements shall end with the dated signature of the person taking the measurements. The signature of the contractor should also be obtained in token of acceptance of the measurements.

(6) If the measurements are taken in connection with running contract account, on which work has been previously measured, he shall give cross reference to the last set of measurement recorded. If the work has been completed, this fact shall also be noted in the Measurement Book.

(7) In the case of petty miscellaneous works with regard to which measurements are not feasible, the University Engineer shall countersign on the bill for the work actually done.

(8) Before recording the measurements, the person taking measurement shall ensure that the work done or supplies made are fully in accordance with the prescribed specifications. Measurements of all works even original construction and repairs shall in the first instance be taken by the engineering subordinate (AEE / AE) in-charge of the works and check measured by the Deputy Executive Engineer to the extent of not less than 75% of the items measured and initialed by him in token of check measurement. The University Engineer shall test check the measurements to the extent of not less than 25% of the measured items and initial the items checked by him. Check measurement is intended to detect errors and prevent fraudulent entries. It should therefore be done with discretion. In selecting the items for check measurement, the items, which appear most likely to be incorrect and most easily susceptible of fraud and those, which seriously affect the total of the bill if inaccurate, should be selected for check measurement. If any differences are found during check measurement, a note of explanation shall be recorded.

(9) The University Engineer shall ensure that the subordinate officers responsible for getting the works executed, record the measurements immediately after the work is completed, so as to prevent loss on account of the work done becoming not susceptible of measurement after lapse of time.

(10) Wherever Standard Measurement Books in respect of permanent buildings are maintained by the University Engineer, they shall be numbered in alphabetical series so as to make them distinguishable from other Measurement Books. A separate account of these Measurement Books shall be maintained in Form 67. The original Standard Measurement Books shall be in the custody of the University Engineer. Certified extracts of the quantities shall be given to the
subsection engineering staff to facilitate preparation of estimates, execution of works including preparation of bills.

(11) As Measurement Books are important accounts documents, to avoid loss of Measurement Books and also to keep track of its movement from office, a record of movement of Measurement Books shall be kept in **Form 68**.

(12) When a Measurement Book is lost in transit or elsewhere, a report shall be sent immediately to the Registrar by the University Engineer narrating the circumstances along with the explanation of the concerned. The Registrar, after due enquiry may sanction write off of the Measurement Book with the concurrence of the Finance Officer.

(13) The University Engineer shall furnish a certificate every year by 15th of April to the Finance Officer certifying as to the number of Measurement Books in stock at the beginning of the previous financial year, number of Measurement Books received during the year, number of Measurement Books issued, and balance available in stock.

**8.21 Materials –at-site accounts:**

(1) The materials required for the works are either drawn from stock or purchased specifically for a work. They are issued to the contractors with whom agreements in respect of completed items of works i.e. both labour and material have been executed. They are also issued for the work done departmentally or by contractors whose agreements are for labour only. The materials should be drawn only when actually required and to the extent of actual requirements. An account of all the materials brought on to the site of the work shall be maintained in Form P.W.A.XXV showing the quantities and the source from which the materials have been received, and their issues to the work as the transactions occur. This account shall be kept both by quantities and values in the case of the works whose accounts are kept by sub-heads and only by quantities in other cases.

(2) The materials brought on to the site of the work shall be shown as receipts in the materials-at-site accounts giving brief references in the Measurement Book and the source from which the materials were received. The cost of the materials brought to the site of the work shall be debited to the suspense head “Materials-at-site” in the work for which detailed accounts are maintained by sub-heads by credit to stock or another work from which they are transferred, other wise the cost of materials should be treated as a final charge on the work by credit to the source from which the materials are received. The quantity of materials shall be treated as a minus receipt when they are transferred to stock or another work.

(3) They are issued to the contractor after obtaining an unstamped receipt (USR) for the materials made over to him. The cost of the materials at
such rates as may be determined shall be debited to his personal account by charge to the head “ Contractors- other Transactions” in the works accounts by credit to head “ Materials –at- site”. The issues of the materials should be solely for the bonafide requirements of the works.

(4) Unused balances of the materials at site should be verified at least once a year. Whenever this verification is done, a report of verification of materials should be a prepared and sent to the Registrar. On completion of work, the surplus materials at site should be disposed of without delay by transfer to other works or otherwise in the manner laid down in chapter IX of these rules.

8.22 Conditions of Payment to Contractors

(1) No payment shall be made to a Contractor in respect of any work, unless the same has been measured and accounted in the measurement book.

(2) The items of work should be executed by the Contractors with all leads and lifts up to the quarry charts specified in the agreement. Extra charges for further lead shall be paid to the Contractors separately, only where the lead involved is beyond the stipulated quarry.

(3) Delay in payment to the Contractors shall be avoided to the maximum extent, especially in respect of small works. Bills shall be paid within a week of its receipt in the Finance Branch.

(4) Reduced rates may be paid in running bills, depending on the state of work. However, at the time of passing final bill, if any reduced rate is paid, justification for such reduction shall be reported and got approved by the competent authority.

(5) The contractor is bound to execute all supplemental items that are found essential, incidental and inevitable during the execution of the work. Payment for such items shall be regulated as detailed below:

(i) Excess quantities of the agreement items - @ the estimated rates +/- the tender premium accepted by the competent authority.

(ii) New items directly deducible from similar items in the agreement - @ the rates derived by adding to or subtracting from the estimated rate of such similar item, the cost of difference in quantity of material or labour worked out as per SSR adopted in the sanctioned estimated +/- tender premium.

(iii) New items, which do not correspond to any items of the agreement - @ the rates worked out as per SSR +/- tender premium.
(6) Final bill shall be authorized only after work has been completed to the satisfaction of the University Engineer and the Engineer shall issue the work completion certificate.

### 8.23 Preparation of Bills for payment

**For making payments to the Contractors for works and materials supplied, bills shall be prepared in the following forms mentioned in the AP Public Works Accounts Code.**

**a) PWA - XVIII**  
(First and Final bill)  
- for making payments to contractors and to suppliers, when a single payment is made to a job or contract on its completion.

**b) PWA - XIX**  
(Running Account Bill – A)  
- for advance payments as well as payments for measurement works to contractors (for work only).

**c) PWA – XX**  
(Running Account Bill – C)  
- For payments for works or supplies actually measured.

Note: In respect b) and c) final payments must be made on the same forms printed on yellow paper, which should not be used for intermediate payments.

**d) PWA-XXI**  
(Running Account Bill)  
- For intermediate payments to contractors on lumpsum contracts.

**e) PWA-XXII**  
(Final Bill)  
- For final payments to contractors on lumpsum contracts.

**For miscellaneous payments and payment of advances, for which none of the forms mentioned above are suitable, the bill shall be prepared in Hand Receipt Form 69.**

**Bills shall be prepared in duplicate in the prescribed forms. Every bill shall bear reference to the number and page of the measurement book in which the measurements of the work are recorded. The name of the Contractor or Supplier, name of work or purpose of supply, serial number of the bill and reference to the agreement or sanction should invariably be recorded by the AEE / AE. The bills shall be thoroughly checked by the Engineering Unit which will ensure that the works have been executed under proper authority and in accordance with the prescribed standards and specifications, that the quantities have been correctly measured, check measured and worked out, that the rates and calculations are correct and other conditions of contract are fulfilled and that the excesses or extra items, if any, are covered by the required sanctions. It will also ensure that the bill is complete in all respects including arithmetical accuracy in respect of quantities measured, rates allowed and recovery of dues from the Contractor. Thereafter, the**
original bill shall be countersigned by the University Engineer for payment and transmission to the Accounts Section for making payment.

(4) The Accounts Section in the Finance branch will further scrutinize the bills thoroughly with respect to initial records, estimates, sanction orders, tender files and shall also ensure that budget provision exists to meet the expenditure and prepare cheques drawn in favour of the Contractor, which shall be given to the University Engineer for delivery to the Contractor or the supplier. The University Engineer shall obtain the acknowledgement / voucher of the Contractor for the receipt of the cheque in duplicate and forward one copy to the Finance Section for record. As soon as the payments are made, the vouchers will be filed chronologically. The Engineering branch shall note the details of the voucher number, date, the amount for which it is passed, amount adjusted and the net amount paid along with cheque details in the duplicate copy of the bill.

(5) When a running account bill is received for payment in the Accounts Section, and the payment thereof is likely to be delayed, advance payment up to 75% of the net amount for payment in the bill may be made under the specific orders of the Vice-Chancellor, which shall be obtained after recording the reasons for the delay. A note of such payment should be taken on the bill, in the Contractor’s ledger account and other relevant books of account. The Contractor should also be immediately informed that the payment so made is an advance payment and excess payment made, if any, is liable to be recovered from him.

(6) At the end of every year, all documents connected with each work shall be filed in the following chronological order, namely:

i. True copies of the original estimate and revised estimate, if any
ii. Deviation statement, if any
iii. Contract Bond, if any
iv. Duplicate copies of vouchers, (Works bills or Hand Receipts)
v. Remarks of the University Engineer.
vii. Completion certificate, in Form 64 signed by the University Engineer.

8.24 Works Abstracts

All the transactions relating to each work should be posted day by day from the cash book and the connected bills of Contractors and Suppliers, cash refunds etc. in the following forms and a monthly account is compiled.

(i) Form PWA-10, if the accounts of the work are required to be kept by subheads of the work

(ii) Form PWA-11 if they are not required to be kept subhead-wise.
In the case of petty works, the accounts of which do not involve suspense transactions, e.g. Advance payments, other transactions for which estimate, account and completion reports are prepared on single form, no separate works abstract need be prepared. Ordinarily, there should be one works abstract for each work. If, however, the estimate is for a large work, which is divided into several sub-works, a separate works abstract may be prepared for each sub-work. When works abstracts are prepared for sub-works or parts of an estimate, the transactions relating to each sub-work should be posted separately and an abstract for the entire work should be prepared, so as to verify whether the total expenditure incurred on the entire work (including sub-works) is within the provisions of the sanctioned estimates.

When the number of subheads of an estimate is large, it will be convenient to assign a number to each subhead and to prefix the number to the relevant subhead wherever it is used on vouchers, works abstracts, register of works or other accounts.

The account of each subhead in the works abstract should ordinarily exhibit:

i. Amount : total charges finally classified under the subhead.
ii. Progress : total quantities executed from time to time.
iii. Unit cost : cost per unit on the basis of the amount and progress.

The maintenance of works accounts by subheads is unnecessary for all repair works whatever the cost may be.

When the University Engineer considers that the circumstances of the work render such accounts useless or impossible to maintain, he shall obtain the approval of the Finance officer for waiving the maintenance of accounts of the work by subheads.

8.25 Registers of Works

The Registers of works are maintained in forms PWA-12 and PWA-13 corresponding respectively to the two forms of works abstracts PWA-10 and PWA-11. The object of this register is to get an analysis of the cost of sub-works and subheads so as to make it possible to determine the rate of cost of work and foresee as far as possible excesses over estimates.

(1) A permanent and collective record of expenditure incurred on all (Major and Minor) works carried out during the year shall be maintained in the University Engineer’s Office, in the Register of Works. The Register of Works shall be posted monthly from work abstracts.

(2) The total allotment for the year for each work shall be noted at the top of the page and any additions or reductions made during the year shall be noted with the authority therefor. If the supplementary estimates are sanctioned, the items of sub-heads shall be entered below those of the original estimates and both shall be totalled.
(3) It shall be the duty of the University Engineer to keep a watch over the progress of the work and to ensure that the expenditure is kept within the sanctioned estimate. If the expenditure is likely to exceed the estimate and budget provision, the University Engineer shall bring this to the notice of the competent authority and propose revised estimate and additional provision for the work.

(4) These registers shall be maintained for watching progress of expenditure on each work undertaken by the University. The Register of Works will show the amount of the sanctioned estimate, total allotment for the year, expenditure incurred against it and the progressive expenditure on the work. In the case of repairs, the works accounts will be closed at the end of the financial year. But in the case of other works in progress, the details along with the progressive figures of expenditure up to the end of the year shall be carried forward to the register of the succeeding year.

(5) The Register shall be provided with an index, which shall be subdivided under the several heads and shall be kept neatly for ready reference. At the commencement of the year, the incomplete works of the previous year shall be first entered with the amount of the estimate and the expenditure up to the end of the previous year. The works sanctioned for execution during the year shall then be entered and the amounts of the sanctioned estimates and the allotment for each work shall be noted and each entry shall be initialled by the officer-in-charge. Any changes subsequently made and the amounts of revised or supplementary estimate shall be similarly recorded.

(6) When a work is completed, the fact of the receipt of the completion certificate shall be noted in the remarks column of work abstracts and Register of works, in red ink.

8.26 Contractors Ledger

(1) The accounts relating to contracts shall be maintained in the Contractors Ledger in Form 70 by the University Engineer, allotting separate folios or set of folios for each of the Contractor for whom a personal account is maintained.

(2) If any materials are issued to the Contractor or any on account payments are made on his behalf, the same shall be posted in the ledger to the individual account of the contractor. In respect of works or supplies for which payment will be made on First and Final bill, the same need not be entered in the ledger.

(3) Wherever materials are issued to the Contractors by the University, the University Engineer shall follow the provisions laid down in the AP Public Works Department Code.
The ledger accounts of each contractor should be closed and balanced monthly. The closing balance of each personal account should show the amount outstanding in respect of each separate work executed by him.

Whenever a Contractor requisitions for an extract of his running account bill or his account in the Contractors Ledger, the same shall be furnished by the University Engineer. The Contractor should be encouraged to look at his account in the ledger and sign in token of having seen and accepted it.

8.27 Stores of Public Works

The University shall follow the Purchase Rules mentioned Chapter IX for purchase of materials required for Works also.

(b) The First and Second digits shall indicate the location where the work is proposed to be executed. Depending on the places where campuses are located, two Alphabets may be assigned. For e.g. In Osmania University, there are several constituent colleges located at different places namely, OU Campus Hyderabad, PG Science College, Masab Tank and Nizam college, Gunfondry. They may be assigned OC, PM and NG respectively. If the University is located in a single campus, then the location may be with reference to the premises where the Departments are situated.

(c) The Third and Fourth digits shall indicate the year in which the work is approved. For e.g. if the work is approved in the year
2012-13, this shall be indicated as 13 in the third and fourth places.

(d) The Fifth digit shall indicate the nature of the work proposed. That is, whether it is new work – represented by the letter ‘N’ or an Improvement work-represented by the letter ‘I’ or maintenance work represented by the letter ‘M’. This will enable management to easily classify the works as Capital or Revenue Expenditure.

(e) The Sixth, Seventh and Eighth digits shall indicate the key letters of the Department which is going to be benefited i.e., the beneficiary Department. For the purposes of easy identification of the courses of study, the Sixth digit may indicate ‘A’ for Arts and Humanities faculties, ‘S’ for Science faculties ‘E’ for Engineering courses, ‘M’ for courses in Medicine, etc.

(f) Ninth digit shall indicate the source from which the expenditure on that particular work is met out of i.e., State Government grants-General fund represented by the letter ‘S’, State Government Development grant represented by ‘D’, Central Government grant represented by ‘C’, University Grants Commission’s grants-represented by ‘U’, Own resources represented by the letter ‘R’ and Other grants represented by ‘O’.

(g) The Tenth and Eleventh digits shall indicate the type of asset affected by the work proposed i.e., LD-if it affects land BD-if it involves construction/ improvements/ repairs of buildings PR-if the work involves formation, improvements, repairs, beautification of parks and gardens. PG- if it concerns play grounds. IF- if it pertains to infrastructure assets like Roads, Drains, Footpath, etc.

(h) The Twelth and Thirteenth digit shall indicate the serial number of the work approved in that particular financial year.

(3) The Finance Officer may adopt appropriate codes in respect of Locations (digits 1 & 2) and beneficiary Departments (digits 6,7 & 8)

8.29 Miscellaneous

(1) The records relating to works shall be preserved for the durations for each record specified in appendix XV-(B) of APPWD Code

(2) In respect of matters not specifically covered under these Rules, the provisions of AP Public Works Departmental Code and A.P.Financial Code shall be followed to the extent of their applicability to the University.
8.30 Estate Management

(a) Immovable Property

(1) The Estate Officer or any other Officer of the University who is assigned with the duties of Estate Management shall maintain a Register of Estates and Immovable properties in respect of all lands, buildings and other immovable property of the University in Form 73. This register shall show the cost of construction or acquisition, cost of subsequent additions and alterations which increase the value of the buildings from time to time. The details of lands and buildings shall be shown separately with their value.

(2) The Estate branch shall also maintain separately a Register of properties yielding revenue to the University, i.e., residential quarters, shops and shopping complexes, Guest houses, Conference / Meeting hall, lands used for Horticultural, Agricultural and Sericultural activities yielding revenue from sale of produce or by lease.

(3) The changes in the value of lands and buildings shall be intimated to the Estate Branch by the University Engineer, when construction of buildings on vacant lands or improvement works to existing buildings are completed and the value capitalized. For this purpose, at the end of each financial year, the University Engineer shall send a statement of such capital works completed during the year with their value in Form 74 to the Estate Branch and the Finance Officer.

(4) A certificate shall be furnished by the Estate Branch on 1st July every year to the Finance Officer certifying that the properties are under the control of the University and are being used for the purpose for which they are intended.

(5) The Estate Branch shall maintain a Register of Title Deeds in Form 75, wherein all Title and other Deeds relating to all immovable properties shall be recorded. The originals of all Title Deeds / Lease Deeds and other related documents shall be kept in the custody of the Registrar. The copies thereof shall be with the Estate Branch. The Registrar and the officer-in-charge of the Estate Branch shall be independently responsible for the safe custody of all such Deeds accounted for in the Register of Deeds. The Registrar shall arrange for annual verification of the Register of Deeds as well as the Register of Immovable properties and its certification thereon, by an independent officer of the University. The property documents shall be preserved in digital form also so as to ensure the maintenance of a parallel record.

(6) The Officer-in-charge of the Estate Branch shall maintain account of income and expenditure in respect individual revenue yielding property and produce it for audit.
(7) All revenue yielding items like fruits, grass, yields of other trees shall be let out on rent or sold by public auction after giving wide publicity by advertisement or through notice as may be decided by the Registrar / Vice-Chancellor. The procedure laid down in paras 344 to 346 of APPWD Code shall be followed in this respect.

(8) At the end of each year, the Estate Branch shall prepare a consolidated statement of Demand, Collection and Balances in respect of all revenue-yielding properties and shall submit it to the Registrar, with details of defaulters.

(b) Allotment of Residential quarters to the University Staff

(1) Allotment of Residential Quarters shall be made by the Officer-in-charge of the Estate Branch as per the rules / guidelines framed by the University.

(2) Recovery of license fee (rent) from the allottees shall be effected at the rates approved by the University.

(3) The Estate Branch shall be responsible to send intimation of allotment of residential quarters to the concerned staff as well as to the Registrar and the Finance Officer. Besides, it shall also intimate the Drawing and Disbursing Officer responsible for drawal and disbursement of salary of the allottee as to the recovery of rent and also any other charges like water, electricity, conservancy, garden, maintenance charges recoverable from the salary of the allottee. Further, the Estate Branch shall maintain Demand, Collection and Balance Register in Form 25.

(4) The Estate Branch is also responsible for arranging periodical inspection of the Residential Quarters to ensure that the same are maintained in order and the allottee is actually in occupation of the quarters.

(5) When a University employee intends to vacate the quarters, he shall give a notice to the Estate Branch in advance as per the terms of the allotment indicating the date on which he proposes to vacate. The Estate Branch shall arrange to get the premises inspected before that date and take charge of the fittings and fixtures, if they are in order. An allottee who vacates the quarters without giving such notice shall be liable for payment of penal rent as per the terms of allotment, together with the payment of other utility charges. The Estate Branch shall intimate the Finance officer as to the amount of dues recoverable from the allottee.

(6) Wherever a University employee does not vacate the quarters on retirement or resignation or quitting the service or for some other reason, he shall be liable to pay penal rent at the rates prescribed by the University. The Estate Branch shall ensure that the allottee is not allowed to stay beyond the time permitted by the University.
(7) The Drawing and Disbursing Officer / Finance Officer shall intimate Estate Branch of the recoveries made out of salary of the allottees towards rent and other charges, every month before the end of second week of the following month, to enable Estate Branch to post the recoveries in the accounts maintained by it.

(3) The Indenting authority shall give a brief notification in selected newspapers and “Tendarla Samachara Patrika”, giving reference to the details of the goods / services required, opening and closing dates for e-tenders and the website from which the e-tender document can be viewed / downloaded by the Intending tenderers through e-Procurement process.
(4) The Indenting Authority shall release the tender notification under the e-Procurement platform and host the same on the university website / e-market place.

(5) The procedure for processing e-tenders through e-Procurement is as follows:

(i) All the officers authorized to invite, open and approve the tender shall mandatorily login to e-Procurement mode using their digital certificates issued by the service provider to carry out transactions in e-Procurement platform.

(ii) The University shall direct the suppliers / contractors registered with it to obtain digital certificates from the service provider on payment of requisite charges.

(iii) All the suppliers / contractors have to mandatorily login to e-Procurement website through secure mode and authenticate all their electronic transactions using digital certificates (signing certificate – single key pair) obtained from the service provider.

(iv) The bidder shall authenticate the bid with his digital certificate for submitting the bid electronically on e-Procurement platform. The bids not authenticated by digital certificate of the bidder will not be accepted on the e-Procurement platform.

(v) The participating bidders will pay the transaction fee as prescribed from time to time to the service provider through payment gateway service on e-Procurement platform, at the time of submission of bids.

(vi) The University shall collect prescribed fee from successful bidders on e-Procurement platform towards e-Procurement fund, before entering into agreement / issue of purchase orders. This charge is in addition to the transaction fee paid by the bidder.

(vii) The officers vested with tender opening powers shall obtain dual key pair digital certificate i.e., two digital certificates comprising a signing certificate and an encryption certificate.

(viii) All other officers shall obtain only one digital certificate i.e. signing certificate (Single key pair).

(ix) The cost of the digital certificate issued to the officers will be met from the e-Procurement fund.
(x) The intending bidders should upload the scanned copies of all the relevant certificates, documents, EMD (DD / Bank Guarantee) etc., in the e-market place in support of their technical bids. The evaluation of technical bids may be done in the first instance on the basis of the documents uploaded through online only. The technical bids will be evaluated against the specified parameters / criteria and the technically qualified bidders will be identified and the results displayed on the e-market place which can be seen by all the bidders who participated in the tender.

(xi) On expiry of the last date, the Indenting Authority shall open the price bids of the technically qualified bidders in the presence of the Registrar / Finance Officer, on the date and time specified in the tender notification. The price bids of all the technically qualified bidders will be downloaded for comparative tender analysis, as per the guidelines indicated in para 9.10.

(xii) The successful price bidder will be displayed on the e-market place. He will have to submit hard copies of all uploaded documents including Earnest Money Deposit / Bank Guarantee to the tender inviting authority before entering into an agreement within the stipulated date. The Department will not take any responsibility for any delay or non-receipt of original documents. On receipt of the documents, Department shall ensure the genuinity of the documents submitted in support of the qualification criteria before concluding the agreement.

(xiii) If the successful bidder fails to submit the original hard copies of the uploaded documents / certificates, Demand Draft/ Bank Guarantee towards Earnest Money Deposit within the stipulated time or if any variation is noticed between the uploaded documents and the hard copies submitted by the bidder, the successful bidder will be suspended from participating in the tenders on e-Procurement platform for a period of 3 years. The e-Procurement system would deactivate the user ID of such defaulting bidder, based on the trigger / recommendation by the tender inviting authority in the system. Besides this, the Department shall invoke all processes of law including criminal prosecution of such defaulting bidder as an act of extreme deterrence to avoid delays in the tender process. The information to this extent may be displayed in the e-Procurement website.

(xiv) If for any reason the successful bidder is not in a position to conclude the agreement, the next lowest price bidder may be contacted for entering into the tender agreement. Efforts may also be made to negotiate the rates equal to that of the lowest bidder. This process may be repeated till the attempts are
successful or all the price bidders are exhausted, whichever is earlier.

(6) All the existing codal rules, G.Os, Executive instructions, etc., applicable to the processing of conventional tenders are equally applicable to the bids to be procured through e-Procurement.

9.10 Preparation of Comparative Tender Analysis Sheet

(1) The tenders received shall be tabulated and a comparative tender analysis sheet prepared by the Indenting Authority. The comparative tender analysis sheet shall also contain the terms and conditions of payment, delivery schedule, tax and any other consideration stipulated by the tenderer.

(2) This comparative analysis sheet shall be prepared in such a way that the landed cost of the materials proposed to be purchased are worked out and are readily comparable. The landed cost shall take into account the discount allowed, all applicable taxes, duties, packing, freight and handling charges, Insurance, if any.

The Librarian shall be responsible to ensure that periodicals are received promptly and regularly against advance payments made. Periodicals meant to be kept as sets shall be bound on the completion of the volume and will be accessioned and shelf listed in the usual way.

(2) **Payments for Newspapers and Magazines:** Payments for the Newspapers, Weekly and Monthly magazines shall be made monthly, quarterly or yearly as the case may be, on receipt of the invoice / bill from the vendor by preferring a Detailed Contingent bill and obtaining cheque in favour of the vendor, from the Finance Officer.

(3) **Physical verification of books, Journals, equipments, library materials and non-consumable items:**

a) As a general rule, the physical verification of books, journals, periodicals stocked in the Library shall be undertaken once a year.

b) There shall be an annual verification of all the books in the Reference Section of the Library. In respect of other sections of the Library, having regard to the size of the library, the time required, the cost and the personnel involved etc., if it is not possible to have physical verification done annually, random sample checks shall be carried out in such a way so as to cover the entire Library stock at least once in every three years, or as may be directed by the Library Committee.

c) As far as possible, the physical verification of stock should be got done by officers/staff other than those working in the
Library. If this is not possible, this may be entrusted to the staff members of the library who are not connected with the custody of books of the particular section taken up for physical verification.

d) In the case of Manuscripts, Art collections, Rare publications, encyclopedias etc., a complete physical verification shall be done by a senior officer personally, every year.

e) The fact of physical verifications as required under these rules shall be certified by the Librarian and sent to the Finance Officer for record.

(4) **Writing off losses of Books and Journals of the University Library:**

The Library Committee shall lay down norms to write off the value of books and journals lost, worn-out etc. After annual verification as above, the findings thereof shall also be placed before the Library Committee. The value of the missing books, the books withdrawn from the library as torn and which cannot be bound securely shall be taken out from the value of the books and such write off shall be as per the norms laid down by the Library Committee. Till such norms are laid down by the Library Committee, write off shall be done with the approval of the Executive Council.

(5) **Collection of Library Deposit and Fines and accounting thereof:**

a) The Librarian shall collect Library deposits from the students borrowing books at the rate prescribed in the rules formulated by the Library Committee. Besides this, he shall collect fine for delay in return of books at such rates depending on the period of delay, as fixed by the Library Committee.

b) With the approval of the Finance Officer, the Librarian shall open a Bank account in his official designation and credit Library deposits collected from the students to that account. He shall operate this account for refund of deposits to the students. He shall maintain a Library Deposit Register in **Form 92** and account therein the receipt and refund of Library deposit, as and when the transaction takes place.

c) Other collections from students towards fines and penalty and cost of books not returned shall be deposited to the specified bank account intimated by the Finance Officer, as they relate to receipts of the University.

14.5 **National Service Scheme**

(1) All National Service Scheme activities of the University shall be organized and carried out by the National Service Scheme Coordinator appointed by the University.
(2) The National Service Scheme Coordinator shall prepare an annual plan of the activities sponsored / approved by the Central / State Government and submit it to the Finance Officer indicating the details of schemes, estimated expenditure, expected sources of funds including University share, for consideration and providing funds in the annual financial statement (budget). The Finance Officer shall examine the proposal and make necessary budget provision in the annual budget and submit it to the Executive Council for consideration.

(3) The National Service Scheme Coordinator shall be responsible to follow up with the Central / State Government for release of funds due from them for the various National Service Scheme activities proposed by him.

(4) A separate account shall be maintained in respect of grants received from Central / State Governments. The Finance Officer shall release funds from this account to the National Service Scheme Coordinator for approved activities for which funds are provided.

(5) The National Service Scheme Coordinator shall be allowed to open a Bank account in his official designation for operating funds received from the Finance Officer. He shall prepare Abstract Contingent / Detailed Contingent bills for funds required for National Service Scheme activities and send it to the Finance Officer for issue of Cheque.

(6) The National Service Scheme Coordinator shall maintain proper accounts for the moneys received and expenditure incurred out of it. He shall maintain accounts records mentioned in Rule 3.7, as are required to account the transactions pertaining to National Service Scheme. He shall furnish reports that may be called for by the Finance Officer.

(7) Wherever he draws money on Abstract Contingent bills, he shall render Non-payable Detailed Contingent bills for the advances drawn through Abstract Contingent bills, within a fortnight. In case of delay in rendering accounts, unless extension of time for submission of Non-payable Detailed Contingent bill is obtained, the Finance Officer shall initiate appropriate action including withholding all further payments.

(8) The Vouchers not submitted to Finance Officer and other accounts records shall be safely preserved by the Coordinator till they are audited by the Statutory Auditor and all the objections raised, if any, are cleared.

14.6 Hostels

(1) Wherever there is a Chief Warden / Director (Hostels) / Dean (Hostels), the Wardens will function under their control. The Chief
Warden will open a Bank account under his official designation for operating the funds relating to Hostels management to which the following remittances shall be credited:

a) Boarding and Establishment charges collected from the students, mess charges received from the Principals of constituent colleges.
b) Caution Money Deposit collected from the students admitted to hostel,

The Chief Warden will release the funds required by the Warden for running the Messes from time to time.

(2) The Wardens of the hostels run by the University shall be allowed to open a Bank account in their official capacity as Wardens with approval of the Finance Officer. They shall draw advances from the Chief Warden through abstract contingent bill for meeting the expenses of the Hostels / messes and render proper accounts every month through non-payable detailed contingent bill. The Wardens shall pay to the vendors and other agencies related to Hostel / Mess management through the Bank account. In case of non-settlement of an advance by the Warden, the Chief Warden shall stop further advances till the previous advance is settled.

(3) It shall be the responsibility of the Principal to ensure that required certificates in respect of the students eligible for scholarships are obtained from the students at the time of admission.

(4) Soon after the admissions to the Hostels are over, the Chief Warden / Warden, shall send a list of students admitted to the hostels in Form 93 to the Principal of the College concerned and the Registrar.

(5) As the payment of boarding charges in respect of reserved categories of hostel inmates is dependent on the receipt of grants from the Social Welfare Department of the Government, the Principal shall take timely action to claim the grants from the concerned Department by raising the bills in time duly supported by required certificates.

(6) The Chief Warden/Wardens of the hostels shall be responsible to maintain proper accounts for the amounts collected from the students admitted to hostels, the amount of establishment and boarding charges received and the expenditure incurred there-from. They shall maintain accounts records mentioned in Rule 3.7, besides certain other basic account records like stock and issue account of groceries, furniture-fittings, linen, kitchenware and daily consumables purchased as may be prescribed by the Finance Officer.

(7) The Wardens shall prefer an Abstract Contingent bill for the amount of boarding charges receivable for each month and send it to the Principal of the college concerned/Chief Warden by the first of the concerned month. They shall enclose to the Abstract Contingent bill, the Non-
payable Detailed Contingent bill for the amount drawn for the second previous month. Unless the Non-payable Detailed Contingent bill for the second previous month’s advance is enclosed, the Principal/Chief Warden shall not admit the Abstract Contingent bill and no further advances shall be released.

(8) In the case of special purchases or services procured with special sanctions from the competent authority, the Detailed Contingent bills shall be prepared and sent to Finance Officer along with a copy of the sanction order. After passing the bills, the Finance Officer shall arrange to issue the cheque in favour of the party concerned and send the cheque to the Warden for delivery to the party concerned, duly obtaining acknowledgement.

(9) The Wardens of the hostels shall furnish such other accounts statements as may be prescribed by the Finance Officer, from time to time. They shall submit every month before 15\textsuperscript{th}, the bank reconciliation statement for the previous month to the Finance Officer, without fail.

14.7 University Guest House

(1) The maintenance of the University Guest house(s) shall be the responsibility of the officer in-charge of the Guest House(s) who shall function under the direct control of the Registrar.

(2) The University shall frame rules covering:
   (a) procedure for allotment of accommodation in the Guest House,
   (b) fixation of rent for different categories of occupants,
   (c) arrangements for boarding and fixation of charges therefor and
   (d) fixation of user charges for telephone and other services and facilities.

(3) The officer in-charge shall be responsible for the maintenance of the Guest House, collection of rent and other charges from the guests and deposit the collections to the designated Bank account of the University.

(4) He shall maintain the accounts pertaining to room rents, other charges, boarding expenses etc.,

(5) He shall maintain a Guest Register to record the arrival and departure details of the guests in Form 94.

(6) He shall pass receipt (printed / computer generated) for the amount collected from the guests retaining the counterfoil of the receipt book for record and verification.
(7) He shall also send a monthly statement of guests accommodated in the Guest House and the charges collected etc., during the previous month in **Form 95** by 15th of every month to the Registrar and the Finance Officer.

(8) The Finance Officer or his nominee shall inspect the accounts of the Guest House periodically, at least quarterly.

### 14.8 Horticultural Activities

1. The University shall designate one of its Officers as officer in-charge of Nursery, Parks and Gardens of the University who shall work under the direct control of the Registrar in coordination with the Officer in-charge of Estate Affairs.

2. The Officer in-charge shall maintain a detailed list of Nurseries, Parks and Gardens duly assigning an ID number for each of these. He shall also record in such register the manpower sanctioned for each of these places.

3. He shall maintain the accounts and also other records like stock account of consumables like manures, sand and red earth, insecticides, fungicides, etc., and for equipments, pots, plants, seeds and seedlings, etc. He shall also maintain a Revenue Yielding Properties Register i.e., fruit bearing trees, pasturelands, plantations and other garden products.

4. He shall submit a detailed list of activities for each year by January to the Finance Officer indicating the anticipated revenue and expenditure for the next financial year. The Finance Officer, shall provide funds for these activities, as deemed necessary, in the annual budget of the University.

5. The officer-in-charge shall draw required funds by preferring Abstract Contingent / Detailed Contingent bills to the Finance Officer for arranging payment.

6. The Finance Officer shall admit claims only against the approved budget.

7. The Officer-in-charge shall submit such reports as the Finance Officer may prescribe in this behalf, from time to time.

### 14.9 University Health Centers / Dispensaries

1. The Medical Officer of the Health Centre / Dispensary shall be responsible for proper accounting of medicines purchased and dispensed to the students and staff of the University.
(2) He shall draw the funds required for the purchase of medicines and for the maintenance of Health Center by preferring claims to the Finance Officer through Abstract Contingent Bill / Detailed Contingent Bill as may be necessary.

(3) The Register of patients maintained by the Health Centre / Dispensary should clearly indicate the medicines prescribed and the medicines issued to individual patients.

(4) The expenditure on the maintenance of Health Centre shall be met from the provision made in the Budget of the University.

15. **Financial Information System**

In view of the idea of e-governance picking up pace, it is suggested that the universities may have a common integrated Financial Information System. Such a system would ensure increased efficiency and transparency of the Financial Management of the Universities. The benefits broadly are:

(i) Ready Monitoring of the University financial position  
(ii) Standardization of formats for financial transactions  
(iii) Ready availability of information about the overall and item wise financial position  
(iv) Effective planning and monitoring of budget utilization  
(v) Quick generation of report to funding agencies and other sources

The proposed system covers financial transactions such as payrolls, student fees, income from various sources, deposits, advances, purchases, stores etc.

The proposed system shall broadly consist of the following modules:

(i) Budget module covering various aspects of the budget like sanctions, approvals for expenditure, revisions etc.  
(ii) General ledger covering the cash book, other ledgers and modules to generate various financial statements  
(iii) Employee module covering service particulars, payroll, leave account, leave encashment, loans and advances, cumulative benefits etc.  
(iv) Administration module covering posts sanctioned, reservation structure, recruitment, posts vacant and so on  
(v) Purchase module covering purchase, requests and approvals, quotation/tendering process, purchase order generation, goods and invoices receipts.  
(vi) Payment module covering approvals for payment, cash / cheque payment, advance settlement,  
(vii) Bank module covering cash /cheque deposits, investments, cash transfers, interest details, bank reconciliation etc.  
(viii) Student module covering admission register, tc and other registers, fee collection, scholarships, loans, insurance cover etc.  
(ix) Laboratories module covering details of equipment purchase, maintenance details, cost of equipment, chemicals purchase and movement of chemicals and so on etc.  
(x) Academic module covering affiliations, inspections, fee collections, academic regulations, combination fee, recognition fee etc.
(xi) Examination module covering nominal rolls, fee collection particulars, hall ticket generation, examination stores, purchases and utilization, valuation data and confidential information etc.

(xii) Hostels module covering enrollment, room allotments, fee collections, fee exemptions, mess bill generations, stores etc.

(xiii) Modules relating Center for Correspondence Courses / Distance Education / Centre for Inclusive Studies and Social Exclusion, and Other Centres capturing their transaction data.

(xiv) Receivables module covering various income receipts (including agricultural, horticultural, plantations) and their status.

(xv) General Stores module covering inventory, maintenance, materials receipts and issues

(xvi) Assets module covering all fixed assets such as lands, buildings, equipments

(xvii) Library module containing books, journals, non-print material, maps, charts etc. and other assets such as equipments

(xviii) Pension and Terminal benefits, Contributory Pension Scheme, EPF module

(xix) Modules relating sports and games, NSS etc.
