

## **HIGHER EDUCATION IN ANDHRA PRADESH**

In the contemporary dynamic and emerging world, the context, meaning, perception and expectations regarding quality of education are changing. Education quality now composes not only acquisition of basic knowledge but also development of values and competencies. In the emerging knowledge, the quality of education and professional skills and innovation determine a person's survival and advancement in the fiercely competitive world. Education has the power to transform lives and we need to expand the choices available to our children to enable every child to achieve his or her own creative genius.

The Government of Andhra Pradesh has been committed to further empower youth by extending quality education and life skills that will enable them to effectively deal with the demands and challenges in everyday life in the world. As per the MHRD survey reports, the GER (General Enrolment Ratio) of Higher Education in Andhra Pradesh is 34.4% against the all India average of 26.3% in 2018-19. (Date source : AISHE Report 2018-19)

Accordingly, the Government of Andhra Pradesh is concentrating on the aspects of access, inclusiveness, quality and relevance in Higher Education with special attention towards rural areas in all its endeavors.
