

MoU with TCS iON

To improve employability skills among students of AP, the APSCHE has entered into MoU with TCS iON™, a strategic business unit of Tata Consultancy Services (TCS), to offer a 20-hour Foundational Skill Training program to students. The training program covers Interpersonal Skills, E-Mail Etiquette, Group Discussion, Presentation & Soft skills, Resume and Letter Writing, Interview Preparation, Telephone Etiquette and IT Foundational skills. It will be a self-paced training, and students can access the course content anytime, anywhere and on any device through A.P State Council of Higher Education website.

The program is made available free of cost to all students in the state of Andhra Pradesh which can be accessed through the website of the Council, www.apsche.org and by clicking on to the link <https://iur.is/careeredge.st>. On completion of the program, students will be assessed, and a digital certificate will be awarded to them. The intent is to enhance students' competency by equipping them with the Foundational and Soft Skills required by the industry. The institutions can also opt for awarding credits upon completion of the programme.
